Notice of Annual Meeting
& Proxy Statement

Letter from Barry Diller

Chairman and Senior Executive

May 1, 2024

Dear Stockholder:

You are invited to attend the Annual Meeting of stockholders of IAC Inc., which will be held on Tuesday, June 11, 2024, at 9:30 a.m., Eastern Time. This year's Annual Meeting will be a virtual meeting, conducted solely online. Stockholders will be able to attend the Annual Meeting by visiting www.virtualshareholdermeeting.com/IAC2024. We believe hosting a virtual meeting will allow for greater stockholder attendance at the Annual Meeting by enabling stockholders who might not otherwise be able to travel to a physical meeting to attend online and participate from any location around the world.

At the Annual Meeting, stockholders will be asked to: (i) elect twelve directors, (ii) approve an amendment to IAC's Restated Certificate of Incorporation to reflect new Delaware law provisions regarding officer exculpation, (iii) approve a non-binding advisory vote on 2023 executive compensation and (iv) ratify the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm for the 2024 fiscal year. IAC's board of directors believes that the proposals being submitted for stockholder approval are in the best interests of IAC and its stockholders and recommends a vote consistent with the Board's recommendation for each proposal.

It is important that your shares be represented and voted at the Annual Meeting regardless of the size of your holdings. Whether or not you plan to participate in the Annual Meeting, please take the time to vote online, by telephone or, if you received a printed proxy card, by returning a marked, signed and dated proxy card. If you participate in the Annual Meeting, you may also vote your shares online at that time if you wish, even if you have previously submitted your vote.

Sincerely,

Barry Diller
Chairman and Senior Executive

Questions and Answers About the Annual Meeting and Voting

Q: Why did I receive a Notice of Internet Availability of Proxy Materials?

A: In accordance with rules adopted by the U.S. Securities and Exchange Commission (the “SEC”), we have elected to deliver this proxy statement and our 2023 Annual Report on Form 10-K to the majority of our stockholders online in lieu of mailing printed copies of these materials to each of our stockholders (the “Notice Process”). If you received a Notice of Internet Availability of Proxy Materials (the “Notice”) by mail, you will not receive printed copies of our proxy materials unless you request them. Instead, the Notice provides instructions on how to access this proxy statement and our 2023 Annual Report on Form 10-K online, as well as how to obtain printed copies of these materials by mail. We believe that the Notice Process allows us to provide our stockholders with the information they need in a more timely manner than if we had elected to mail printed materials, while reducing the environmental impact of (and lowering the costs associated with) the printing and distribution of our proxy materials.

The Notice, and for stockholders who previously elected to receive printed copies of our proxy materials, this proxy statement and our 2023 Annual Report on Form 10-K, are being mailed on or about May 1, 2024 to stockholders of record at the close of business on April 22, 2024 and this proxy statement and our 2023 Annual Report on Form 10-K will be available at www.proxyvote.com beginning on May 1, 2024. If you received a Notice by mail but would rather receive printed copies of our proxy materials, please follow the instructions included in the Notice. You will not receive a Notice if you have previously elected to receive printed copies of our proxy materials.

Q: Can I vote my shares by filling out and returning the Notice?

A: No. However, the Notice provides instructions on how to vote your shares: (i) before the date of the Annual Meeting by way of completing and submitting your proxy online, by phone or by requesting and returning a written proxy card by mail or (ii) by voting at the Annual Meeting online at www.virtualshareholdermeeting.com/IAC2024.

Q: How do I participate in the Annual Meeting?

A: You may attend the annual meeting as a guest or as a stockholder. To vote or ask questions at the Annual Meeting online at www.virtualshareholdermeeting.com/IAC2024, you will need the details included (and to follow the instructions set forth) in your Notice, your proxy card or the instructions that accompanied your proxy materials.

Q: Who is entitled to vote at the Annual Meeting?

A: Holders of IAC common stock and Class B common stock at the close of business on April 22, 2024, the record date for the Annual Meeting established by the Board, are entitled to receive notice of the Annual Meeting and to vote their shares at the Annual Meeting and any related adjournments or postponements.

At the close of business on April 22, 2024, there were _____ shares of IAC common stock and 5,789,499 shares of Class B common stock outstanding. Holders of IAC common stock are entitled to one vote per share and holders of Class B common stock are entitled to ten votes per share.

Q: What is the difference between a stockholder of record and a stockholder who holds IAC shares in street name?

A: If your IAC shares are registered in your name, you are a stockholder of record. If your IAC shares are held in the name of your broker, bank or other holder of record, your shares are held in street name.

You may examine a list of stockholders of record at the close of business on April 22, 2024 for any purpose germane to the Annual Meeting during normal business hours during the 10-day period preceding the date of the meeting at IAC’s corporate headquarters, located at 555 West 18th Street, New York, New York 10011, as well as during the Annual Meeting online at www.virtualshareholdermeeting.com/IAC2024.

Q: What shares are included on the enclosed proxy card?

A: If you are a stockholder of record only, you will receive one proxy card from Broadridge for all IAC shares that you hold. If you hold IAC shares in street name through one or more banks, brokers and/or other holders of record, you will receive proxy materials, together with voting instructions and information regarding the consolidation of your votes, from the third party or parties through which your IAC shares are held. If you are a stockholder of record and hold additional IAC shares in street name, you will receive proxy materials from Broadridge and the third party or parties through which your IAC shares are held.

Q: What are the quorum requirements for the Annual Meeting?

A: The presence at the Annual Meeting (in person or by proxy) of holders having a majority of the total votes entitled to be cast by holders of IAC common stock and Class B common stock at the Annual Meeting constitutes a quorum. Stockholders who participate in the Annual Meeting online at www.virtualshareholdermeeting.com/IAC2024 will be deemed to be in person attendees for purposes of determining whether a quorum has been met. When holders of IAC common stock vote as a separate class, the presence at the Annual Meeting of holders of a majority of the total votes entitled to be cast by holders of IAC common stock is required for a quorum to be met. Shares of IAC common stock and Class B common stock represented by proxy will be treated as present at the Annual Meeting for purposes of determining whether there is a quorum, without regard to whether the proxy is marked as casting a vote or abstaining. In the absence of a quorum, the chairperson of the Annual Meeting or holders of a majority of the voting power of the shares of IAC common stock and Class B common stock represented at the Annual Meeting will have the power to adjourn the Annual Meeting until a quorum is present.

Q: What matters will IAC stockholders vote on at the Annual Meeting?

A: IAC stockholders will vote on the following proposals:

- *Proposal 1* — to elect twelve members of IAC’s Board, each to hold office until the next succeeding annual meeting of stockholders or until such director’s successor shall have been duly elected and qualified (or, if earlier, such director’s removal or resignation from the Board);
- *Proposal 2* — to approve an amendment to the Company’s Restated Certificate of Incorporation to reflect new Delaware law provisions regarding officer exculpation (the “Charter Amendment Proposal”);
- *Proposal 3* — to approve a non-binding advisory vote on 2023 executive compensation (the “Advisory Say on Pay Proposal”);
- *Proposal 4* — to ratify the appointment of Ernst & Young LLP as IAC’s independent registered public accounting firm for the 2024 fiscal year; and
- to transact such other business as may properly come before the Annual Meeting and any related adjournments or postponements.

Q: What are my voting choices when voting for director nominees and what votes are required to elect director nominees to IAC’s Board?

A: You may vote in favor of all director nominees, withhold votes as to all director nominees or vote in favor of and withhold votes as to specific director nominees.

The election of each of Chelsea Clinton, Barry Diller, Michael D. Eisner, Bonnie S. Hammer, Victor A. Kaufman, Joseph Levin, David Rosenblatt, Maria Seferian and Alexander von Furstenberg as directors requires the affirmative vote of a plurality of the total number of votes cast by the holders of shares of IAC common stock and Class B common stock voting together as a single class (hereinafter collectively referred to as “IAC capital stock”), with each share of IAC common stock and Class B common stock representing the right to one and ten vote(s), respectively.

The election of each of Bryan Lourd, Alan G. Spoon and Richard F. Zannino as directors requires the affirmative vote of a plurality of the total number of votes cast by the holders of shares of IAC common stock, voting as a separate class.

IAC’s Board recommends a vote **FOR** the election of each of the director nominees.

Q: What are my voting choices when voting on the Charter Amendment Proposal and what votes are required to approve such proposal?

A: You may vote in favor of the Charter Amendment Proposal, vote against such proposal or abstain from voting on such proposal.

The approval of the Charter Amendment Proposal requires the affirmative vote of the holders of a majority of the outstanding shares of IAC capital stock, voting together as a single class.

IAC's Board recommends a vote **FOR** the Charter Amendment Proposal.

Q: What are my voting choices when voting on the Advisory Say on Pay Proposal and what votes are required to approve such proposal?

A: You may vote in favor of the Advisory Say on Pay Proposal, vote against such proposal or abstain from voting on such proposal.

The approval of the Advisory Say on Pay Proposal requires the affirmative vote of the holders of a majority of the voting power of the shares of IAC capital stock present at the Annual Meeting in person or represented by proxy and entitled to vote on the matter, voting together as a single class. As an advisory vote, the Advisory Say on Pay Proposal is not binding upon IAC or the Board.

IAC's Board recommends a vote **FOR** the Advisory Say on Pay Proposal.

Q: What are my voting choices when voting on the ratification of the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm for the 2024 fiscal year and what votes are required to ratify such appointment?

A: You may vote in favor of the ratification, vote against the ratification or abstain from voting on the ratification.

The ratification of the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm for the 2024 fiscal year requires the affirmative vote of the holders of a majority of the voting power of shares of IAC capital stock present at the Annual Meeting in person or represented by proxy and entitled to vote on the matter, voting together as a single class.

IAC's Board recommends a vote **FOR** the ratification of the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm for the 2024 fiscal year.

Q: Could other matters be decided at the Annual Meeting?

A: As of the date of this proxy statement, IAC did not know of any matters to be raised at the Annual Meeting, other than those referred to in this proxy statement.

If any other matters are properly presented at the Annual Meeting for consideration, the three IAC officers who have been designated as proxies for the Annual Meeting (Christopher Halpin, Kendall Handler and Tanya M. Stanich) will have the discretion to vote on any such matters for stockholders who have submitted their proxy.

Q: What do I need to do now to vote at the Annual Meeting?

A: The Board is soliciting proxies for use at the Annual Meeting. Stockholders may submit proxies to instruct the designated proxies to vote their shares before the date of the Annual Meeting in any of three ways:

- *Submitting a proxy online:* Submit your proxy online at www.proxyvote.com. Online proxy voting is available 24 hours a day and will close at 11:59 p.m., Eastern Time, on Monday, June 10, 2024;
- *Submitting a proxy by telephone:* Submit your proxy by telephone (1.800.690.6903). Telephone proxy voting is available 24 hours a day and will close at 11:59 p.m., Eastern Time, on Monday, June 10, 2024; or
- *Submitting a proxy by mail:* If you choose to submit your proxy by mail, simply mark, date and sign your proxy, and return it in the postage-paid envelope provided or to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, New York 11717.

You may also participate in the Annual Meeting online at www.virtualshareholdermeeting.com/IAC2024 and vote your shares online at that time, even if you have previously submitted your vote. To do so, you will need the details included (and to follow the instructions set forth) in your Notice, your proxy card or the instructions that accompanied your proxy materials.

For IAC shares held in street name, holders may submit a proxy online or by telephone before the date of the Annual Meeting if their broker, bank and/or other holder of record makes these methods available. If you submit a proxy online or by telephone, **DO NOT** request and return a printed proxy card. If you hold your shares through a broker, bank and/or other holder of record, follow the voting instructions you receive from your broker, bank and/or other holder of record.

Q: If I hold my IAC shares in street name, will my broker, bank or other holder of record vote these shares for me?

A: If your IAC shares are held in street name, you must provide your broker, bank and/or other holder of record with instructions in order to vote such shares. If you do not provide voting instructions, whether such shares can be voted by your broker, bank and/or other holder of record depends on the type of item being considered for a vote.

Non-Discretionary Items. The election of directors, the approval of the Charter Amendment Proposal and the approval of the Advisory Say on Pay Proposal are non-discretionary items and may **NOT** be voted on by your broker, bank and/or other holder of record absent specific voting instructions from you. If your bank, broker or other holder of record does not receive specific voting instructions from you, a broker non-vote will occur in the case of your IAC shares for these proposals.

Discretionary Items. The ratification of Ernst & Young LLP as IAC's independent registered public accounting firm for the 2024 fiscal year is a discretionary item. Generally, brokers, banks and other holders of record that do not receive voting instructions from you may vote on this proposal in their discretion.

Q: What effect do abstentions and broker non-votes have on quorum requirements and the voting results for each proposal to be voted on at the Annual Meeting?

A: Abstentions and shares represented by broker non-votes are counted as present for purposes of determining a quorum. Abstentions are treated as shares present and entitled to vote and, as a result, have the same effect as a vote against any proposal for which the voting standard is based on the number of shares outstanding (the Charter Amendment Proposal) or the number of shares present and entitled to vote at the Annual Meeting (the Advisory Say on Pay Proposal and the Auditor Ratification Proposal) and have no impact on the vote on any proposal for which the vote standard is based on the actual number of votes cast at the meeting (the election of directors). Shares represented by broker non-votes are not treated as shares entitled to vote and, as a result, have no effect on the outcome of any of the proposals to be voted on by stockholders at the Annual Meeting, with the exception of the Charter Amendment Proposal, in which case broker non-votes will have the same effect as a vote against such proposal.

Q: Can I change my vote or revoke my proxy?

A: Yes. If you are a stockholder of record, you may change your vote or revoke your proxy at any time before the polls close at the Annual Meeting by:

- submitting a later-dated proxy relating to the same IAC shares online, by telephone or by mail before the date of the Annual Meeting;
- delivering a written notice, bearing a date later than your proxy, stating that you revoke the proxy; or
- participating in the Annual Meeting and voting online at that time at www.virtualshareholdermeeting.com/IAC2024 (although virtual attendance at the Annual Meeting will not, by itself, change your vote or revoke a proxy).

To change your vote or revoke your proxy before the date of the Annual Meeting, follow the instructions provided on your Notice, proxy card or proxy materials to do so online or by telephone, or send a written notice or a new proxy card to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, New York 11717.

If you hold your IAC shares through a broker, bank and/or other holder of record, follow the instructions that you received from your broker, bank and/or other holder of record if you wish to change your vote or revoke your proxy before the Annual Meeting.

Q: What if I do not specify a choice for a matter when returning a proxy?

A: If you do not give specific instructions, proxies that are signed and returned will be voted **FOR** the election of all director nominees, the Charter Amendment Proposal, the Advisory Say on Pay Proposal and the ratification of the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm for the 2024 fiscal year.

Q: How are proxies solicited and who bears the related costs?

A: IAC bears all expenses incurred in connection with the solicitation of proxies. In addition to solicitations by mail, directors, officers and employees of IAC may solicit proxies from stockholders by various means, including by telephone, e-mail, letter or in person.

Following the initial mailing of the Notice and proxy materials, IAC will request brokers, banks and other holders of record to forward copies of these materials to persons for whom they hold IAC shares and to request authority for the exercise of proxies. In such cases, IAC, upon request from such holders, will reimburse them for their reasonable expenses.

Q: What should I do if I have questions about the Annual Meeting?

A: If you have any questions about the Annual Meeting, the various proposals to be voted on at the Annual Meeting and/or how to participate in the Annual Meeting online at www.virtualshareholdermeeting.com/IAC2024 and vote at that time or would like copies of our proxy materials, please contact IAC Investor Relations at 1.212.314.7400 or ir@iac.com.

Proposal 1 — Election of Directors

Proposal and Required Vote

At the upcoming Annual Meeting, a board of twelve directors will be elected, each to hold office until the next succeeding annual meeting of stockholders or until such director's successor shall have been duly elected and qualified (or, if earlier, such director's removal or resignation from the Board). Information concerning director nominees, all of whom are incumbent directors of IAC and have been recommended by the Nominating Committee for re-election, appears below. Although management does not anticipate that any of the persons named below will be unable or unwilling to stand for re-election, in the event of such an occurrence, proxies may be voted for a substitute designated by the Board. All directors listed below (other than Ms. Seferian) were previously elected by IAC stockholders at the 2023 Annual Meeting. Ms. Seferian, who was identified by the Nominating Committee, was appointed as a director in December 2023.

The election of each of Chelsea Clinton, Barry Diller, Michael D. Eisner, Bonnie S. Hammer, Victor A. Kaufman, Joseph Levin, David Rosenblatt, Maria Seferian and Alexander von Furstenberg as directors requires the affirmative vote of a plurality of the total number of votes cast by the holders of shares of IAC capital stock, voting together as a single class.

The Board has designated Bryan Lourd, Alan G. Spoon and Richard F. Zannino as nominees for those positions on the Board to be elected by the holders of IAC common stock voting as a separate class. The election of each of them as directors requires the affirmative vote of a plurality of the total number of votes cast by the holders of shares of IAC common stock, voting as a separate class.

FOR

Both the Nominating Committee and IAC's Board recommend a vote FOR the election of all director nominees.

Information Concerning Director Nominees

Background information about each director nominee is set forth below, including information regarding the specific experiences, characteristics, attributes and skills considered in connection with the nomination of each director nominee, all of which the Nominating Committee and the Board believe provide IAC with the perspective and judgment needed to guide, monitor and execute its strategies. References to service at IAC prior to June 2020 refer to IAC's predecessor entity or entities (as applicable).

The Board nominated Mr. Diller because he has been Chairman and Senior Executive since 2010 and prior to that time, served as Chairman and Chief Executive Officer of IAC since 1995, and as a result, possesses a great depth of knowledge and experience regarding IAC and its businesses. In addition, the Board noted Mr. Diller's ability to exercise influence (subject to IAC's organizational documents and Delaware law) over the outcome of matters involving IAC that require stockholder approval given the fact that he and certain members of his family collectively have sole voting and/or investment power over all shares of IAC Class B common stock outstanding, which shares represent a significant percentage of the voting power of IAC capital stock.

Corporate Governance

Leadership Structure

IAC's business and affairs are overseen by its Board, which currently has twelve members. There are three management representatives on the Board and, of the nine remaining current directors, eight are independent.

Board of Directors											
Management Representatives			Independent Representatives								
Barry Diller	Victor A. Kauman	Joseph Levin	Alexander von Furstenberg	Chelsea Clinton	Michael D. Eisner	Bonnie S. Hammer	Bryan Lourd	David Rosenblatt	Maria Seferian	Alan G. Spoon	Richard F. Zannino

The Board has standing Audit, Compensation and Human Capital, and Nominating Committees, each comprised solely of independent directors, as well as an Executive Committee. For more information regarding director independence and committees of the Board, see the discussion under Director Independence and Board of Directors and Board Committees below. All of IAC's directors play an active role in board matters, are encouraged to communicate among themselves and directly with IAC's Chairman and Senior Executive and Chief Executive Officer and have full access to IAC management at all times.

IAC's independent directors meet in scheduled executive sessions without IAC management present at least twice a year and may schedule additional meetings as they deem appropriate. The Board does not have a lead independent director or any other formally appointed leader for these sessions. The independent membership of the Audit, Compensation and Human Capital and Nominating Committees ensures that directors with no ties to IAC management are charged with oversight for all financial reporting and executive compensation related decisions made by IAC management, as well as for recommending candidates for board membership. At each regularly scheduled board meeting, the Chairperson of each of these committees (as applicable) provides the full Board with an update of all significant matters discussed, reviewed, considered and/or approved by the relevant committee since the last regularly scheduled board meeting.

Mr. Diller currently serves as both Chairman and Senior Executive of IAC and has held both positions (for IAC and its predecessor entity) since December 2010. Mr. Levin currently serves as Chief Executive Officer of IAC and has held this position (for IAC and its predecessor entity) since June 2015. This leadership structure provides IAC with the benefit of Mr. Diller's continued oversight of IAC's strategic goals and vision, coupled with the benefit of a full time Chief Executive Officer dedicated to focusing on the day-to-day management and continued growth of IAC and its operating businesses. At this time, IAC believes that this leadership structure is the most appropriate one for IAC and its stockholders.

Risk Oversight

IAC management is responsible for assessing and managing IAC's exposure to various risks on a day-to-day basis, which responsibilities include the creation of appropriate risk management programs and policies. IAC management has developed and implemented guidelines and policies to identify, assess and manage significant risks facing IAC. Such guidelines and policies include (among others) an assessment across all of IAC's businesses, in connection with which management at each IAC business assesses, on an ongoing basis, strategic, financial, operational, information security and regulatory risks, together with related mitigation plans.

The results of these assessments are then consolidated and reviewed by an Executive Risk Committee, which consists of members of IAC senior management. As part of its review, the Executive Risk Committee will prioritize risks and discuss mitigation plans. Following such review, these risk assessments are discussed at least semi-annually with the Audit Committee and at least annually with the Board.

In developing this framework, IAC recognizes that leadership and success are impossible without taking risks; however, the imprudent acceptance of risks or the failure to appropriately identify and mitigate risks could adversely impact IAC stockholder value. The Board is responsible for overseeing IAC management in the execution of its responsibilities and for assessing IAC's approach to risk management. The Board exercises these responsibilities periodically as part of its meetings and through discussions with IAC management, as well as through the Audit Committee (which examines various components of financial and cybersecurity risks, among other risks) and the Compensation and Human Capital Committee (which examines compensation-related and workplace conduct risks, among others) as part of their responsibilities.

Information security and cybersecurity are key risks to our business, and therefore key focuses of our risk management efforts. We assess, identify and manage cybersecurity risks as part of a comprehensive information security program that is intended to be aligned with standard industry frameworks, such as International Organization for Standardization (IOS) 27000 and the National Institute of Standards and Technology (NIST) Cyber Security Framework. The Board is responsible for overseeing Company management's execution of its cybersecurity responsibilities, including its approach to cybersecurity risk management. The Board executes this oversight in coordination with the Audit Committee, which pursuant to its charter, assists the Board with risk assessment and risk management policies as they relate to cybersecurity risk exposure (among other risk exposures), as well as part of its regularly scheduled meetings and through discussions with Company management on an as needed basis.

Certain compensation-related matters are also key components of risk management at IAC, with IAC periodically conducting risk assessments of its compensation policies and practices for its employees, including those related to its executive compensation programs. The goal of these assessments is to determine whether the general structure of IAC's compensation policies and programs and the administration of these programs pose any material risks to IAC. Any material findings as a result of these assessments are discussed with the Compensation and Human Capital Committee and, where appropriate, the Board. Based upon these assessments, IAC believes that its compensation policies and programs do not encourage excessive or unnecessary risk-taking and are not reasonably likely to have a material adverse effect on IAC.

In addition, an overall review of risks is inherent in the consideration by the Board of IAC's long-term strategies and in the transactions and other matters presented to the Board, including significant capital expenditures, acquisitions and divestitures and financial matters. The role of the Board in risk oversight of IAC is consistent with IAC's leadership structure, with IAC's Chairman and Senior Executive, Chief Executive Officer and other members of IAC senior management having responsibility for assessing and managing IAC's risk exposure, and the Board and its committees providing oversight in connection with these efforts.

Clawback Policy

In 2023, IAC adopted a clawback policy in accordance with the adoption of the final rules implementing the incentive-based compensation recovery provisions of the Dodd-Frank Act Wall Street Reform and the Consumer Protection Act by the SEC. This policy provides for the mandatory recovery of erroneously awarded "incentive-based compensation" from current and former IAC "executive officers" (as such terms are defined in the final rules) in the event of certain accounting restatements specified in the final rules. The recovery of such compensation applies regardless of whether a given executive officer engaged in misconduct or otherwise caused or contributed to the relevant accounting restatement.

Stock Ownership Policy

IAC has a stock ownership policy that covers members of the Board and executive officers. The policy provides for a minimum IAC ownership target that each non-employee director, as well as IAC's Chairman and Senior Executive, Chief Executive Officer and other executive officers of IAC, is expected to accumulate and hold. Under the policy, all non-employee directors are expected to hold the lesser of a number of shares of IAC common stock with a value of at least five times their annual cash retainer (rounded down to the nearest 100 shares) and 12,400 shares of IAC common stock. For ownership target levels applicable to IAC's Chairman and Senior Executive, Chief Executive Officer and other executive officers of IAC, see Compensation Discussion and Analysis — Stock Ownership Policy.

Hedging Policies and Practices

IAC's securities trading policy provides that no director, officer or employee of IAC and its businesses may engage in transactions in publicly traded options, such as puts, calls and other derivative securities, relating to securities of IAC and/or any publicly traded subsidiary of IAC, or engage in short sales with respect to securities of IAC and/or its publicly traded subsidiaries. This prohibition extends to any and all forms of hedging and monetization transactions, such as zero-cost collars and forward sale contracts (among others).

Director Independence

Under the Marketplace Rules of The Nasdaq Stock Market, LLC (the "Marketplace Rules"), the Board has a responsibility to make an affirmative determination that those members of the Board who serve as independent directors do not have any relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In connection with the independence determinations described below, in February 2024, the Board reviewed information regarding transactions, relationships and arrangements relevant to independence, including those required by the Marketplace Rules. This information is obtained from director responses to questionnaires circulated by IAC management, as well as from IAC records and publicly available information. Following these determinations, IAC management monitors those transactions, relationships and arrangements that were relevant to such determinations, as well as periodically solicits updated information potentially relevant to independence from internal personnel and directors, to determine whether there have been any developments that could potentially have an adverse impact on prior independence determinations.

In February 2024, the Board determined that each of Messrs. Eisner, Lourd, Rosenblatt, Spoon and Zannino and Meses. Clinton, Hammer and Seferian satisfied the director independence requirements set forth in the Marketplace Rules, and that the members of the Audit and Compensation and Human Capital Committees also satisfied separate independence requirements under the standard imposed by applicable SEC rules and the Marketplace Rules for audit committee and compensation committee members.

Of the remaining incumbent directors in the case of both determinations, Messrs. Diller, Kaufman and Levin are executive officers of IAC and Mr. von Furstenberg is Mr. Diller's stepson. Given these relationships, none of these directors is independent.

Director Nominations

The Nominating Committee identifies, reviews and evaluates individuals qualified to become members of the Board and recommends candidates to the Board. While there are no specific requirements for eligibility to serve as a director of IAC, in evaluating candidates, the Nominating Committee will consider (regardless of how the candidate was identified or recommended) whether the professional and personal ethics and values of the candidate are consistent with those of IAC, whether the candidate's experience and expertise would be beneficial to the Board, whether the candidate is willing and able to devote the necessary time and energy to the work of the Board and whether the candidate is prepared and qualified to represent the best interests of IAC's stockholders. While the Board does not have a formal diversity policy, the Nominating Committee also considers the overall diversity of the experiences, characteristics, attributes, skills and backgrounds of candidates relative to those of other members of the Board and those represented by the Board as a whole to ensure that the Board has the right mix of skills, expertise and background. As contemplated by the Board diversity requirements set forth in the Marketplace Rules, certain gender and demographic information for the Board is set forth in the following matrix:

Audit Committee

The Audit Committee of the Board functions pursuant to a written charter adopted by the Board, the most recent version of which was filed as Appendix A to the proxy statement filed in connection with our 2023 annual meeting of stockholders. The Audit Committee is appointed by the Board to assist the Board with a variety of matters described in the charter, which include monitoring: (i) the integrity of IAC's financial statements, (ii) the effectiveness of IAC's internal control over financial reporting, (iii) the qualifications and independence of IAC's independent registered public accounting firm, (iv) the performance of IAC's internal audit function and independent registered public accounting firm, (v) IAC's risk assessment and risk management policies as they relate to financial, cybersecurity and other risk exposures, and (vi) the compliance by IAC with legal and regulatory requirements. In fulfilling its purpose, the Audit Committee maintains free and open communication among its members, IAC's independent registered public accounting firm, IAC's internal audit function and IAC management. The Audit Committee may form and delegate authority to subcommittees and may delegate authority to one or more of its members. The formal report of the Audit Committee is set forth under the caption Audit Committee Matters — Audit Committee Report.

The Board has previously concluded that Mr. Spoon is an "audit committee financial expert," as such term is defined in applicable SEC rules and the Marketplace Rules and has satisfied the independence requirements set forth therein.

Compensation and Human Capital Committee

The Compensation and Human Capital Committee of the Board functions pursuant to a written charter adopted by the Board, the most recent version of which was filed as Appendix B to the proxy statement filed in connection with our 2023 annual meeting of stockholders. The Compensation and Human Capital Committee is appointed by the Board to assist the Board with all matters relating to the compensation of IAC's executive officers, as well as with those relating to human capital and workplace conduct. Consistent with its responsibility for these matters, the Compensation and Human Capital Committee has overall responsibility for approving and evaluating all compensation plans, policies and programs of IAC as they relate to IAC's executive officers, as well as works with IAC management to assess risks relating to compensation, human capital and workplace conduct. The Compensation and Human Capital Committee may form and delegate authority to subcommittees and may delegate authority to one or more of its members. The Compensation and Human Capital Committee may also delegate to one or more IAC executive officers the authority to make grants of equity-based compensation to eligible individuals (other than directors and executive officers) to the extent allowed under Delaware law. For additional information on IAC's processes and procedures for the consideration and determination of executive compensation and the related roles of the Compensation and Human Resources Committee, IAC management and consultants, see the discussion under Compensation Discussion and Analysis. The formal report of the Compensation and Human Capital Committee is set forth under the caption Compensation and Human Capital Committee Report.

Nominating Committee

The Nominating Committee of the Board functions pursuant to a written charter adopted by the Board, the most recent version of which was filed as Appendix C to the proxy statement filed in connection with our 2023 annual meeting of stockholders. The Nominating Committee is appointed by the Board to assist the Board with all matters relating to: (i) the identification, review and evaluation of individuals qualified to become members of the Board, (ii) the recommendation of director nominees for the next annual meeting of stockholders (and nominees to fill vacancies on the Board as necessary) and (iii) the making of recommendations with respect to the compensation and benefits of non-employee directors.

Executive Committee

The Executive Committee of the Board has all the power and authority of the Board, except those powers specifically reserved to the Board by Delaware law or IAC's organizational documents.

Proposal 2 — Charter Amendment Proposal

Effective August 1, 2022, the State of Delaware, which is IAC's state of incorporation, enacted legislation that enables Delaware corporations to limit the liability of certain of their officers in limited circumstances. Specifically, Section 102(b)(7) of the Delaware General Corporation Law (the "DGCL") was amended to authorize corporations to adopt a provision in their certificate of incorporation to eliminate or limit monetary liability of certain corporate officers, or exculpation, for breach of the fiduciary duty of care. This legislation only permits, and the Charter Amendment Proposal would only permit, exculpation for direct claims (as opposed to derivative claims made by stockholders on behalf of IAC) and would not apply to breaches of the duty of loyalty, acts or omissions not in good faith (or that involve intentional misconduct or a knowing violation of law) or any transaction in which a given officer derived an improper personal benefit. Previously, the DGCL only allowed exculpation of directors for breach of the fiduciary duty of care. As amended, Section 102(b)(7) of the DGCL authorizes corporations to provide for exculpation of the following officers: (i) a corporation's president, chief executive officer, chief operating officer, chief financial officer, chief legal officer, controller, treasurer or chief accounting officer, (ii) "named executive officers" identified in the corporation's SEC filings and (iii) other individuals who have agreed to be identified as officers of such corporation.

Article IX of IAC's Restated Certificate of Incorporation (the "Certificate of Incorporation") currently provides for the exculpation of directors from personal liability for monetary damages associated with breaches of the duty of care, but does not have a similar limitation of liability for officers. We are proposing to amend the Certificate of Incorporation to add a provision exculpating certain of IAC's officers from liability in specific circumstances, as permitted by the DGCL and as described above (the "Proposed Charter Amendment"). The rationale for so limiting the scope of liability is to strike a balance between stockholders' interest in officer accountability and in IAC being able to attract and retain quality officers to work on its behalf.

The Board considered the benefits and detriments of eliminating personal liability of certain of our officers under certain circumstances. The Board believes that it is important to reduce the unequal and inconsistent treatment of directors and officers associated with claims related to any alleged breach of the duty of care and improve alignment of officers and directors on duty of care responsibilities. Aligning the protections available to our directors and those of our officers will disallow plaintiffs from bringing certain claims against individual officers that would otherwise have been exculpated if brought against our directors.

The Board also expects other Delaware corporations to continue to implement this provision. IAC's adoption of the Charter Amendment Proposal would also better position IAC to continue to attract and retain top management talent by providing this additional protective provision. Further, the Board noted that the Proposed Charter Amendment would not negatively impact stockholder rights. Therefore, considering the narrow class and type of claims for which officers' liability would be exculpated, and the benefits expected to accrue to IAC and its stockholders in the form of an enhanced ability to attract and retain talented officers, the Board determined that it is in the best interests of IAC and its stockholders to amend the Certificate of Incorporation as described above.

The text of the Proposed Charter Amendment is attached as Appendix A to this proxy statement.

If approved by our stockholders, the Proposed Charter Amendment would become effective upon its filing with the Secretary of State of the State of Delaware, which IAC intends to file as promptly as practicable following the Annual Meeting.

The approval of the Charter Amendment Proposal requires the affirmative vote of the holders of a majority of the outstanding shares of IAC capital stock, voting together as a single class.

Proposal 3 — Advisory Say on Pay Proposal

As required pursuant to Section 14 of the Exchange Act of 1934, as amended (the “Exchange Act”), IAC is seeking an advisory vote from its stockholders to approve the compensation of IAC’s named executives for 2023. This proposal is not intended to address any specific item of compensation, but rather IAC’s overall compensation program and policies relating to its named executives.

As described in detail in the Compensation Discussion and Analysis, IAC’s executive officer compensation program is designed to provide the level of compensation necessary to attract, retain, motivate and reward talented and experienced executives and to motivate them to achieve short-term and long-term goals, thereby enhancing stockholder value and creating a successful company.

IAC believes that its executive officer compensation program, with its balance of short-term and long-term incentives, rewards sustained performance that is aligned with the long-term interests of IAC stockholders. Accordingly, IAC believes that the compensation paid to its named executives in 2023 was fair and appropriate and is asking IAC stockholders to vote **FOR** the adoption of the following resolution:

“**RESOLVED**, that IAC’s stockholders approve, on an advisory basis, the compensation of IAC’s named executives for 2023, as disclosed in this proxy statement, pursuant to the U.S. Securities and Exchange Commission’s compensation disclosure rules, including the Compensation Discussion and Analysis, the Executive Compensation tables and the related narrative discussion.”

The approval, on an advisory basis, of the Advisory Say on Pay Proposal requires the affirmative vote of holders of a majority of the aggregate voting power of the shares of IAC capital stock present in person or represented by proxy and entitled to vote on the matter, voting together as a single class. The vote is advisory in nature and therefore not binding on IAC or the Board. However, the Board and the Compensation and Human Capital Committee value the opinions of all of IAC’s stockholders and will consider the outcome of this vote when making future compensation decisions for its named executives.

IAC’s Board recommends a vote **FOR** the Advisory Say on Pay Proposal.

Proposal 4 — Ratification of Appointment of Independent Registered Public Accounting Firm

Subject to stockholder ratification, the Audit Committee of IAC's Board has appointed Ernst & Young LLP as IAC's independent registered public accounting firm for the fiscal year ending December 31, 2024.

The Audit Committee annually evaluates the performance of Ernst & Young LLP and determines whether to continue to retain such firm or consider the retention of another firm. In appointing Ernst & Young LLP as IAC's independent registered public accounting firm for 2024, the Audit Committee considered: (i) the firm's performance as IAC's independent registered public accounting firm, (ii) the fact that the firm has audited the financial statements of IAC (and its predecessor entities) since 1996, (iii) the firm's independence with respect to the services to be performed for IAC and (iv) the firm's strong and considerable qualifications and general reputation for adherence to professional auditing standards.

A representative of Ernst & Young LLP is expected to attend the Annual Meeting and will be given an opportunity to make a statement if he or she so chooses to do so and will be available to respond to appropriate questions.

Ratification of the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm requires the affirmative vote of the holders of a majority of the voting power of the shares of IAC capital stock present in person or represented by proxy and entitled to vote on the matter, voting together as a single class.

IAC's Board recommends a vote **FOR** the ratification of the appointment of Ernst & Young LLP as IAC's independent registered public accounting firm for the fiscal year ending December 31, 2024.

Audit Committee Matters

Audit Committee Report

The Audit Committee functions pursuant to a written charter adopted by the Board, the most recent version of which was filed as Appendix A to the proxy statement filed in connection with our 2023 annual meeting of stockholders. The Audit Committee charter governs the operations of the Audit Committee and sets forth its responsibilities, which include providing assistance to the Board with the monitoring of: (i) the integrity of IAC's financial statements, (ii) the effectiveness of IAC's internal control over financial reporting, (iii) the qualifications and independence of IAC's independent registered public accounting firm, (iv) the performance of IAC's internal audit function and independent registered public accounting firm, (v) IAC's risk assessment and risk management policies as they relate to financial and other risk exposures and (vi) the compliance by IAC with legal and regulatory requirements. It is not the duty of the Audit Committee to plan or conduct audits or to determine that IAC's financial statements and disclosures are complete, accurate and have been prepared in accordance with generally accepted accounting principles and applicable rules and regulations. Management is responsible for IAC's financial reporting process, including systems of internal control over financial reporting. The independent registered public accountants are responsible for performing an independent audit of IAC's consolidated financial statements and the effectiveness of IAC's internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (the "PCAOB") and to issue a report thereon. The Audit Committee's responsibility is to engage the independent auditor and otherwise to monitor and oversee these processes.

In fulfilling its responsibilities, the Audit Committee has reviewed and discussed the audited consolidated financial statements of IAC included in the Annual Report on Form 10-K for the year ended December 31, 2023 with IAC's management and Ernst & Young LLP, IAC's independent registered public accounting firm ("Ernst & Young"), as well as related reports regarding such financial statements and internal control over financial reporting with Ernst & Young.

The Audit Committee has discussed with Ernst & Young the matters required to be discussed by the applicable requirements of the PCAOB and the SEC. In addition, the Audit Committee has received the written disclosures and the letter from Ernst & Young required by applicable requirements of the PCAOB regarding Ernst & Young's communications with the Audit Committee concerning independence and has discussed with Ernst & Young its independence from IAC and its management.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements for IAC be included in IAC's Annual Report on Form 10-K for the year ended December 31, 2023 for filing with the SEC.

Audit and Non-Audit Services Pre-Approval Policy

The Audit Committee has a policy governing the pre-approval of all audit and permitted non-audit services performed by IAC's independent registered public accounting firm in order to ensure that the provision of these services does not impair such firm's independence from IAC and its management. Unless a type of service to be provided by IAC's independent registered public accounting firm has received general pre-approval, it requires specific pre-approval by the Audit Committee. Any proposed services in excess of pre-approved cost levels also require specific pre-approval by the Audit Committee. In all pre-approval instances, the Audit Committee considers whether such services are consistent with applicable rules regarding auditor independence.

All tax services require specific pre-approval by the Audit Committee. In addition, the Audit Committee has designated specific services that have the pre-approval of the Audit Committee (each of which is subject to pre-approved cost levels) and has classified these pre-approved services into one of three categories: Audit, Audit-Related and All Other (excluding Tax). The term of any pre-approval is twelve (12) months from the date of the pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee reviews the list of pre-approved services from time to time and will revise it as and if appropriate. Pre-approved fee levels for all services to be provided by IAC's independent registered public accounting firm are established periodically from time to time by the Audit Committee.

Pursuant to the pre-approval policy, the Audit Committee may delegate its authority to grant pre-approvals to one or more of its members and has currently delegated this authority to its Chairperson. The decisions of the Chairperson (or any other member(s) to whom such authority may be delegated) to grant pre-approvals are presented to the full Audit Committee at its next scheduled meeting. The Audit Committee may not delegate its responsibilities to pre-approve services to IAC management.

Compensation Discussion and Analysis

Philosophy and Objectives

Overview

The executive officers whose compensation is discussed in this compensation discussion and analysis (the “CD&A”), and to whom IAC refers to as its named executive officers in this CD&A (the “NEOs”), are:

- Barry Diller, Chairman and Senior Executive;
- Joseph Levin, Chief Executive Officer;
- Christopher Halpin, Executive Vice President, Chief Financial Officer and, from and after February 2, 2023, Chief Operating Officer;
- Kendall Handler, Executive Vice President, Chief Legal Officer and Secretary; and
- Mark Stein, Senior Advisor (from and after March 1, 2023) and former Executive Vice President and Chief Strategy Officer.

IAC’s executive compensation program is designed to increase long-term stockholder value by attracting, retaining, motivating and rewarding leaders with the competence, character, experience and ambition necessary to enable IAC to meet its growth objectives.

Although IAC is a publicly traded company, it attempts to foster an entrepreneurial culture, and attract and retain senior executives with entrepreneurial backgrounds, attitudes and aspirations. Accordingly, when attempting to recruit and retain executive officers, as well as other executives who may become executive officers at a later time, IAC competes not only with other public companies, but also with earlier stage companies, companies funded by private equity and venture capital and other professional firms. IAC structures its executive compensation program so that it can compete in this varied marketplace for talent, with an emphasis on variable, contingent compensation and long-term equity ownership.

While IAC considers competitive market data in establishing broad compensation policies and practices and annually assesses the compensation associated with particular executive positions, it does not definitively rely on competitive market data or other benchmarking information in establishing executive compensation levels or structures. IAC makes decisions based on a host of factors particular to a given executive officer’s situation, including its firsthand experience with competition for recruiting executives and its understanding of the current environment, and believes that over-reliance on survey data (or a benchmarking approach) is too rigid for the dynamic and fast changing marketplace for talent in which IAC competes.

Similarly, IAC believes that arithmetic approaches to measuring and rewarding short-term performance often fail to adequately take into account the multiple factors that contribute to success at the individual executive and business level. In any given fiscal year, IAC may have multiple objectives, and these objectives (and their relative importance) often change as competitive and strategic landscapes shift. Accordingly, IAC has historically avoided the use of strict formulas in its annual bonus program, believing that they often over-compensate or under-compensate a given performance level. IAC instead relies primarily on an approach that, while based on clear objectives, is not formulaic and allows for the exercise of discretion by the Compensation and Human Capital Committee of IAC’s Board (for purposes of this CD&A, the “Committee”) based on its review of a range of Company and, to a lesser extent, individual performance factors and other considerations in setting final bonus amounts.

In addition, IAC is of the view that long-term incentive compensation in the form of equity awards aligns the interests of executives with those of its stockholders. To further this important goal, equity awards play a prominent role in IAC’s overall executive compensation program. IAC has changed the form of its equity awards periodically over the years. For example, in 2019, IAC shifted from stock options to full value awards in an effort to reduce the dilutive impact of equity awards granted to its executive officers and strengthen the durability of retention, while still aligning the interests of its executives

with those of its stockholders. Then, in 2020, IAC granted long-term, cliff-vesting restricted stock unit (“RSU”) awards (and, in the case of Mr. Levin only, a long-term, cliff-vesting performance-based restricted stock award). Finally, in 2023, IAC switched to annual RSUs vesting over a four-year period. The vesting schedules varied by individual based on vesting schedules of then outstanding awards, but were (in most cases) backloaded. This practice continued in the case of equity awards granted in February 2024. IAC will continue to evaluate the appropriate form of equity-based incentive awards as market conditions evolve.

IAC believes that its executive compensation program puts the substantial majority of compensation at risk, rewards both individual executive officer and corporate performance in a targeted fashion, pays amounts appropriate to attract and retain those key individuals necessary to grow IAC and aligns the interests of its key executive officers with those of its stockholders.

Annual Advisory Vote on NEO Compensation

IAC provides its stockholders with the opportunity to cast an advisory vote to approve the compensation of its NEOs on an annual basis. At its 2023 annual meeting of stockholders, approximately 92% of the shares voted were cast in support of the annual say-on-pay proposal (a “say-on-pay” proposal). The Committee believes that the vote reflected stockholder support for IAC’s approach to executive compensation, and, as such, did not factor into any changes to our compensation program in 2023 or early 2024. IAC regularly evaluates and refines its executive compensation program and will continue to do so, taking into account evolving best practices and stockholder feedback, including the results of future annual say on pay votes.

2023 SAY-ON-PAY SUPPORT

Compensation Decisions — Roles and Responsibilities

The Committee has primary responsibility for establishing the compensation of our executive officers. All compensation decisions referred to throughout this CD&A have been made by the Committee at meetings, based (in part) on recommendations from Messrs. Diller and Levin, as well as on such additional information deemed pertinent by the Committee in its discretion (as described below). The Committee currently consists of Mr. Rosenblatt (Chair) and Mr. Zannino.

Our executive officers participate in structuring IAC-wide compensation programs and establishing appropriate bonus and equity pools. In early 2024, Messrs. Diller and Levin met with the Committee and discussed their views of corporate and individual executive officer performance for 2023 for Mr. Halpin and Ms. Handler, and their recommendations for annual bonuses for these executive officers. Mr. Diller also separately discussed Mr. Levin’s performance, and recommended a bonus for him, as well as discussed his views on his own performance, with the Committee. Following these discussions, the Committee met in an executive session to review and discuss these recommendations. After consideration of these recommendations, the Committee ultimately determined the annual bonus for each executive officer and determined not to adjust any salaries or grant any equity awards to any executive officers other than Mr. Halpin and Ms. Handler. In establishing a given executive officer’s compensation package, each individual component was evaluated independently and in relation to the package as a whole. Prior earning histories and outstanding long-term compensation arrangements were also reviewed and taken into account. However, the Committee does not believe in any formulaic relationship or targeted allocation between these elements. Instead, each individual executive officer’s situation was evaluated on a case-by-case basis (and is each year), considering a variety of relevant factors at the time.

The Committee periodically solicits advice from consulting firms and engages legal counsel (as appropriate). The Committee also receives, on at least an annual basis, a live presentation about recent developments and best practices concerning executive compensation, which took place in early 2023 and 2024. IAC may also periodically solicit survey or peer compensation data from various consulting firms and review this information with the Committee.

In addition, when structuring and determining Mr. Diller’s and Mr. Levin’s compensation, the Committee retains a separate independent compensation consultant, chosen after considering such factors that the Committee reasonably determines to be appropriate and as may be required by 5605(d)(3) of the Marketplace Rules. From time to time, the Committee will direct such consultant to furnish any reports and/or peer studies as may be required by the Committee.

In connection with IAC's annual compensation review in late 2021, the Committee retained Compensia, Inc. ("Compensia"), an independent compensation consulting firm. As part of the annual review process for 2023 compensation, IAC asked Compensia to conduct a competitive market assessment of the Company's executive compensation program. Compensia compiled data from proxy statements and other SEC filings of peer companies and industry specific compensation survey data regarding compensation for executive officer positions, where available, to assist the Committee in its general understanding of current compensation practices. Compensia also provides the Committee, on at least an annual basis, with input on recent developments and best practices, emerging trends and regulatory issues concerning executive compensation.

Based on the consideration of the various independence factors specified in applicable SEC and Marketplace Rules, and a review of these factors for 2023 and through early 2024, the Committee determined that its relationship with Compensia, and the work of Compensia on behalf of the Committee, does not raise any conflict of interest. The Committee will review its compensation consultant's independence annually.

Compensation Elements

Our compensation packages for our executive officers primarily consist of base salary, annual bonuses, equity awards and, in certain instances, perquisites and other benefits.

Base Salary

Base salary represents the fixed portion of an executive officer's compensation and is intended to provide compensation for expected day-to-day performance. IAC typically negotiates a new executive officer's starting salary upon arrival, based on factors such as prior compensation levels for the particular position within IAC, IAC's New York City location, salary levels of other executive officers within IAC and salary levels available to the individual in alternative opportunities. Salaries are reviewed periodically and may be increased based on a number of factors, including the assumption of additional responsibilities and other factors that demonstrate an executive officer's increased value to IAC and review of competitive market data.

Annual Bonuses

General

IAC's bonus program is designed to reward performance on an annual basis and annual bonuses are discretionary. Executive officer bonuses tend to be highly variable from year-to-year depending on IAC's performance and, in certain circumstances, individual executive officer performance. Because of the variable nature of the annual bonus program, and because in any given year bonuses can make up the significant majority of an executive officer's cash compensation, IAC believes its executive officer annual bonus program provides a strong incentive for its executive officers to achieve annual corporate, strategic and individual performance objectives. Bonuses for executive officers in respect of performance for the 2023 fiscal year were determined and paid in February 2024.

In making its determinations regarding individual annual bonus amounts, the Committee considers a variety of factors, such as growth in profitability or achievement of strategic objectives by IAC and, to a lesser extent, an individual's performance and contribution to IAC. The Committee does not quantify the weight given to any specific factor or otherwise follow a formulaic calculation. Rather, the Committee engages in an overall assessment of appropriate bonus levels based on an evaluation of all of the criteria it determines to be relevant.

2023 Bonuses

In determining bonus amount for executive officers in respect of performance during the 2023 fiscal year, the Committee considered a variety of factors specific to IAC's overall performance, including:

OPERATING RESULTS	<ul style="list-style-type: none"> While revenue was generally flat or declined in 2023 relative to 2022 across IAC's various businesses, operating (loss) income and Adjusted EBITDA at IAC's Dotdash Meredith, Angi Inc. and Emerging & Other segments improved over the prior period, offset by a decrease in operating income and Adjusted EBITDA at IAC's Search segment. On a consolidated basis, operating income (loss) and Adjusted EBITDA improved meaningfully, in 2023 relative to 2022*;
STRATEGIC INITIATIVES	<ul style="list-style-type: none"> in the case of IAC's Dotdash Meredith business, audience gains across Digital properties, improved digital advertising sales and the implementation of Dotdash Meredith's new, cookie-less advertising product (D/Cipher); in the case of IAC's Angi business, improved service professional retention rates and quality generally, the streamlining of Angi's sales force, improved marketing efficiencies and increased service professional presentation in response to service requests; Mr. Levin's continued service as Chief Executive Officer of both IAC and Angi Inc. during 2023; senior leadership changes at IAC's Search and Care.com businesses during 2023; the negotiation of an agreement to sell the assets of IAC's Mosaic Group business, a leading developer and provider of global subscription mobile applications, for approximately \$160 million, which agreement was executed in the first quarter of 2024; IAC's continued involvement in MGM Resorts International, a leader in gaming, hospitality and leisure ("MGM"), and Turo Inc., a peer-to-peer car sharing company in which IAC is the largest shareholder ("Turo"), both of which generated record fourth-quarter 2023 revenues; the completion of the acquisition of the land under IAC's New York City headquarters for \$80 million in April 2023; and continued reinvestment in IAC's businesses generally to drive growth over the long-term; and
CASH POSITION	<p>IAC ended the year with approximately \$1.4 billion of cash and cash equivalents and marketable debt securities on a consolidated basis, of which \$646.0 million and \$261.6 million were held by Angi Inc. and Dotdash Meredith, respectively. IAC believes this cash balance positions it for further long-term growth as it continues to invest in its businesses and identify new opportunities for expansion.</p>

While the factors noted above were the primary factors considered in determining bonus amounts, the Committee also considered each executive officer's role and responsibilities, the relative contributions made by each executive officer during the year, the relative size of the bonus amounts paid to other executive officers, the recommendations of the Chairman and Senior Executive and the Chief Executive Officer (other than for their own bonuses) and market data. In addition, the Committee considered achievements in 2023 as compared to achievements and bonus levels in prior years.

With respect to a 2023 bonus for Mr. Diller, the Committee considered his continuing strategic oversight of IAC's businesses and involvement with MGM, the Company's profitability on a consolidated basis for 2023 and his prior compensation history, as well as reviewed a market assessment of compensation for Chairperson roles conducted by Compensia. With respect to a 2023 bonus for Mr. Levin, the Committee considered Mr. Levin's ongoing commitment to helping lead and build the long-term future of IAC (including his focus on managing IAC's day-to-day business operations and participating in the development of strategic initiatives for IAC), as well as his continuing role as Chief Executive Officer of the Company's Angi business and active involvement with IAC's investments in MGM and Turo through board service.

With respect to 2023 bonuses for our other NEOs, the Committee considered the following with respect to: (i) Mr. Halpin, his continuing role as Chief Financial Officer and Chief Operating Officer, as well as his role in managing the Company's

* Adjusted EBITDA is a supplemental measure to U.S. generally accepted accounting principles ("GAAP"). Long-Term Incentives

Overview

Due to IAC's entrepreneurial philosophy, it believes that providing a meaningful equity stake in its business is essential to create compensation opportunities that can compete, on a risk-adjusted basis, with the wide range of entrepreneurial employment alternatives in the competitive market. In addition, IAC believes that ownership shapes behavior, and that by providing compensation in the form of equity awards, it aligns executive officer incentives with stockholder interests in a manner that drives superior performance over time.

In determining the size of equity awards for an executive officer for any given period, the Committee reviews and evaluates on an individual-by-individual basis the amount of outstanding unvested and/or unexercised equity awards, as well as previously earned or exercised equity awards. In setting award levels, the predominant factors considered by the Committee are providing the executive officer with effective retention incentives, appropriate reward for past performance and incentives for strong future performance and competitive conditions. The annual corporate performance factors relevant to setting bonus amounts are also considered, although equity awards tend to be more forward-looking, and are a longer-term retention and reward instrument relative to annual bonuses. In 2020, most of our executive officers received RSUs that cliff vest five years from the grant date (in 2025) and Mr. Levin received a performance-based restricted stock award that vests ten years from the grant date (November 2020). These awards have a longer vesting period relative to typical market practice (generally vesting annually or quarterly over three to four years), and IAC believed these terms would enhance retention.

IAC's practice has been to schedule Committee meetings at which equity awards are to be granted well in advance of (and without regard to) the timing of the release of earnings or other material information.

2023 Equity Awards

In late 2022 and early 2023, the Committee reviewed outstanding equity awards held by our executive officers and other employees. At such time, for executive officers other than Mr. Levin (who held (and continues to hold) a performance-based restricted stock award that vests ten years from the grant date (November 2020)), most of these awards consisted of RSU awards scheduled to cliff vest in 2025 in the case of Ms. Handler and Mr. Stein and 2027 in the case of Mr. Halpin. Although these prior RSU awards were generally intended to be multi-year awards, in early 2023, the Committee shifted to a more systematic annual grant program in light of then current market conditions and retention profiles. As a result, in February 2023, the Committee granted RSUs to:

- Mr. Halpin with a grant date value of \$8 million, vesting 37.5% on the first and second anniversaries of the grant date, respectively, and 12.5% on the third and fourth anniversaries of the grant date, respectively; and
- Ms. Handler with a grant date value of \$2.5 million, vesting 25%, 50% and 25% on the first, third and fourth anniversaries of the grant date, respectively.

In determining the award for Mr. Halpin, the Committee considered Mr. Halpin's promotion to Chief Operating Officer. In determining the award for Ms. Handler, the Committee noted overall annual compensation for her role, as well as the vesting schedule of the award, which results in the majority of the award vesting after the vesting of Ms. Handler's existing cliff-vesting awards (scheduled to vest at various points in 2025).

No other executive officer received an equity award in 2023. For Messrs. Diller and Levin, this was due to their current equity positions, and for Mr. Stein, due to the change in his role to Senior Advisor for a term ended March 1, 2024.

2024 Equity Awards

In late 2023 and early 2024, the Committee reviewed outstanding equity awards held by our executive officers and other employees. At such times, Mr. Levin held (and continues to hold) the performance-based restricted stock award described above. Outstanding awards held by Mr. Halpin and Ms. Handler consisted of RSU awards scheduled to cliff vest in 2027 and 2025, respectively, plus the awards granted to each of them in early 2023. Given then current market conditions and retention profiles, the Committee determined to continue with an annual grant program (taking into

account vesting schedules for previously granted awards) adopted in early 2023. As a result, in February 2024, the Committee granted RSUs to:

MR. HALPIN	Mr. Halpin, with a grant date value of \$3.5 million, vesting 50% on the second and fourth anniversaries of the grant date; and	In determining the award for Mr. Halpin, the Committee considered his continuing dual role as Chief Financial and Operating Officer, as well as the vesting schedules of his prior awards.
MS. HANDLER	Ms. Handler, with a grant date value of \$2.5 million, vesting 33%, 33% and 33% on the second, third and fourth anniversaries of the grant date.	In determining the award for Ms. Handler, the Committee noted overall annual compensation for her role, as well as the vesting schedules of her prior awards.

No other executive officer received an equity award in 2024. For Messrs. Diller and Levin, this was due to their current equity positions.

The Committee believes that the RSU awards granted pursuant to the RSU program properly align the incentives of IAC's executive officers with those of its stockholders.

Stock Ownership Policy

To further align the interests of IAC's executive officers and stockholders, the Committee has a formal and rigorous stock ownership policy (the "Stock Ownership Policy") for IAC's executive officers (the "Designated Executives") in place. The Stock Ownership Policy provides for a minimum stockholding target that each Designated Executive is expected to accumulate and hold (the "Stock Targets"). Under the Stock Ownership Policy, the Stock Targets are:

CHAIRMAN AND SENIOR EXECUTIVE	CHIEF EXECUTIVE OFFICER	OTHER DESIGNATED EXECUTIVES
The lesser of 10x base salary or 49,600 shares of IAC common stock;	The lesser of 10x base salary or 99,300 shares of IAC common stock; and	The lesser of 3x base salary or 17,900 shares of IAC common stock.

The Stock Targets are established on the date an executive officer is first appointed as a Designated Executive and annually thereafter on June 30 (a "Measurement Date"), based on the average closing price of IAC common stock for the 30 consecutive trading days immediately prior to the applicable Measurement Date. Designated Executives will have five years from the later of the effective date of the Stock Ownership Policy (April 2022) and the date of hire into an eligible position to achieve the Stock Targets for their respective levels.

Under the Stock Ownership Policy, shares of IAC common stock owned outright or in a trust or other arrangement under the Designated Executive's direction (such as shares owned by immediate family members, so long as the Designated Executive does not disclaim beneficial ownership for SEC reporting purposes) count toward compliance with the Stock Target requirements, but unexercised stock options and unvested RSU and restricted stock awards do not count toward compliance with the Stock Target requirements.

The Stock Ownership Policy also includes stock retention provisions. If a Designated Executive has not met his or her Stock Target requirements on the most recent Measurement Date, he or she must retain 25% of the net shares received upon the exercise of any stock options or vesting of RSU or restricted stock awards until a subsequent Measurement Date on which the applicable Stock Target requirements are met (the "Holdback"). The Committee has discretion to increase

the Holdback percentage if a given Designated Executive's progress toward his or her Stock Target requirements is not satisfactory. Based on the most recent Measurement Date (June 30, 2023), the following Stock Target requirements are in effect for IAC's NEOs:

Name	Current Stock Target	Target Met?
Barry Diller	49,600	Yes
Joseph Levin	99,300	Yes
Christopher Halpin	17,900	No, subject to holdback
Kendall Handler	17,900	No, subject to holdback

Change of Control

IAC equity awards granted to executive officers generally include a so-called "double-trigger" change of control provision, which provides for the acceleration of the vesting of outstanding equity awards in connection with a change of control of IAC only when an award holder suffers an involuntary termination of employment during the two-year period following such change of control. The Committee believes that providing for the acceleration of the vesting of equity awards after an involuntary termination of employment in this case will assist in the retention of IAC's executive officers through a change of control transaction. However, Mr. Levin's 2020 IAC restricted stock award provides for full vesting upon the consummation of a change of control of the Company. IAC's Board and the Committee believed that this treatment was appropriate given the long-term nature of the arrangement and the voting agreement between Mr. Diller and Mr. Levin, which was an essential element of the arrangement for Mr. Levin. For purposes of this discussion and the discussion below under the Severance caption, we use the term "involuntary termination" to mean both a termination of an executive officer's employment by IAC without "cause" and a resignation by an executive officer for "good reason" or similar construct.

Severance

IAC generally provides its executive officers with some amount of salary continuation and the acceleration of the vesting of certain equity awards in the event of an involuntary termination of employment. Because IAC tends to promote its executive officers from within, after competence and commitment have generally been established, IAC believes that the likelihood of the vesting of equity awards being accelerated is typically low, and yet IAC believes that by providing this benefit, it increases the retentive effect of its equity program, which serves as IAC's most important retention incentive. IAC generally does not provide for the acceleration of the vesting of equity awards in the event an executive officer voluntarily resigns from IAC.

Other Compensation

General

IAC provides Messrs. Diller and Levin with various non-cash benefits as part of their overall compensation packages. Under certain limited circumstances, other executive officers have also received non-cash benefits. The value of these benefits is calculated under appropriate rules and is taken into account as a component of compensation when establishing overall compensation levels. The value of all non-cash benefits is reported under the All Other Compensation column in the Summary Compensation Table pursuant to applicable SEC rules. IAC's executive officers do not participate in any deferred compensation or retirement programs other than IAC's 401(k) plan. IAC does not generally provide tax gross-ups for its executive officers. Other than those described specifically below, IAC's executive officers do not partake in any benefit programs, or receive any significant perquisites, distinct from other IAC employees.

Mr. Diller

Pursuant to IAC policy, Mr. Diller is required to travel, both for business and personal purposes, on corporate aircraft. In addition to serving general security interests, this means of travel permits him to travel non-stop and without delay, to remain in contact with IAC while he is traveling, to change his plans quickly in the event IAC business requires and to conduct confidential IAC business while flying, be it telephonically, by e-mail or in person. These interests are similarly furthered on both business and personal flights, as Mr. Diller typically provides his services to IAC while traveling in either case. Nonetheless, the incremental cost to IAC of his travel for personal purposes is reflected as compensation to Mr. Diller from IAC and is taken into account in establishing his overall compensation package.

IAC provides certain IT equipment and services for use by certain individuals who work for Mr. Diller personally. These uses are valued by IAC at their incremental cost to IAC.

Mr. Levin

Pursuant to IAC policy, Mr. Levin is encouraged to travel, both for business and personal purposes, on corporate aircraft for the same reasons as set forth above for Mr. Diller. The incremental cost to IAC of his travel for personal purposes is reflected as compensation to Mr. Levin from IAC and is taken into account in establishing his overall compensation package.

Tax Deductibility

Compensation in excess of \$1 million paid to IAC's current NEOs will not be deductible by reason of Section 162(m) of the Code unless it qualifies for limited transition relief applicable to certain arrangements in place as of November 2, 2017 ("Grandfathered Arrangements"). The Committee reserves the right to modify Grandfathered Arrangements in a manner that results in the loss of a compensation deduction if it determines that such modifications are consistent with IAC's best interests.

In addition, the Committee believes that, in establishing the cash and equity incentive compensation plans and arrangements for IAC's executive officers, the potential deductibility of the compensation payable under those plans and arrangements is just one relevant factor to consider. For that reason, the Committee may deem it appropriate to provide one or more of IAC's executive officers with the opportunity to earn incentive compensation, whether through cash incentive awards tied to its financial performance or equity incentive awards tied to a given executive officer's continued service, which may be in excess of the amount deductible by reason of Section 162(m) of the Code. The Committee believes it is important to maintain cash and equity incentive compensation at the requisite level to attract and retain the individuals essential to IAC's financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

Accounting for Stock-Based Compensation

IAC follows Financial Accounting Standard Board Accounting Standards Codification Topic 718 ("ASC 718") for its stock-based compensation awards. ASC 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors based on the grant date "fair value" of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though IAC's executive officers may never realize any value from their awards. ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award.

Compensation and Human Capital Committee Report

The Compensation and Human Capital Committee has reviewed the Compensation Discussion and Analysis and discussed it with IAC management. In reliance on its review and the discussions referred to above, the Compensation and Human Capital Committee has recommended to the Board that the Compensation Discussion and Analysis be included in IAC's 2023 Annual Report on Form 10-K and this proxy statement.

Members of the Compensation and Human Capital Committee

David Rosenblatt (Chair)
Richard F. Zannino

Compensation Committee Interlocks and Insider Participation

In 2023, the membership of IAC's Compensation and Human Capital Committee consisted of Messrs. Rosenblatt (Chair) and Zannino. None of these individuals have ever been an officer or employee of IAC at any time during their respective service on the committee.

For further details regarding this award, see footnote 1 to the table set forth under Grants of Plan-Based Awards in 2023 and footnote 2 to the table set forth under Outstanding Equity Awards at 2023 Fiscal Year-End.

- (a) Pursuant to IAC's Airplane Travel Policy, Mr. Diller is required to travel by IAC aircraft (either IAC-owned or aircraft in which IAC has purchased a fractional interest) for both business and personal purposes and Mr. Levin is encouraged to use IAC aircraft (either IAC-owned or aircraft in which IAC has purchased a fractional interest) for business and personal purposes when

doing so would serve the interests of IAC. See the discussion regarding airplane travel under the Other Compensation section of the Compensation Discussion and Analysis. Amounts in the table above for Messrs. Diller and Levin reflect the incremental cost to IAC for personal use of IAC aircraft. We calculate the incremental cost to IAC for personal use based on the average variable operating costs to IAC. In the case of IAC-owned aircraft, variable operating costs include fuel, certain maintenance costs, navigation fees, on-board catering, landing fees, crew travel expenses and other miscellaneous variable costs. The total annual variable costs are divided by the annual number of miles the IAC-owned aircraft flew to derive an average variable cost per mile. This average variable cost per mile is then multiplied by the miles flown for personal use. Incremental costs do not include fixed costs that do not change based on usage, such as pilot salaries, the purchase costs of IAC-owned aircraft, insurance, scheduled maintenance and non-trip related hangar expenses. In the case of aircraft in which IAC has purchased a fractional interest, variable costs are calculated by multiplying the hours flown for personal use by the hourly flight and fuel charges, plus airport arrival and/or departure fees (if applicable), and do not include monthly management fees for such aircraft. In the event a NEO has family members or other guests accompany him on a business or personal trip, such travel (while it does not result in any incremental cost to IAC) results in the imputation of taxable income to the relevant NEO, the amount of which is calculated in accordance with applicable Internal Revenue Service rules.

- (b) In the case of Mr. Diller, represents the total amount of other benefits provided to Mr. Diller, none of which individually exceeded 10% of the total value of all perquisites and personal benefits and which reflect an allocation (based on the number of personal computers and communication devices supported by IAC) of costs relating to the use by such individuals of IAC's information technology technical support and certain communications equipment.
- (3) In addition to serving as Chief Executive Officer of IAC since June 2015, Mr. Levin has also served as Chief Executive Officer of Angi Inc., a publicly traded subsidiary of IAC, since October 10, 2022. For the fiscal year ended December 31, 2023, \$483,333 of Mr. Levin's 2023 salary and \$1,619,667 of his bonus in respect of performance for 2023, in each case, reflected in the table above, was allocated to Angi Inc. Note 19- Related Party Transactions to IAC's consolidated financial statements on page 153 of IAC's annual report on Form 10-K for the fiscal year ended December 31, 2023.
- (4) Effective March 1, 2023, Mark Stein, former Chief Strategy Officer of IAC, stepped down from his previous role to become Senior Advisor to IAC. Upon the Effective Date, Mr. Stein ceased to be an executive officer of IAC (as defined under the rules and regulations promulgated by the SEC).

- (1) In connection with the spin-off of Vimeo in 2021 (the "Vimeo Spin-Off"), each IAC stock option outstanding (all of which were vested) at the time of the Vimeo Spin-Off was split into an IAC stock option and a Vimeo stock option. In addition, in connection with the separation of the businesses within IAC's former Match Group financial reporting segment from IAC in 2020 (the "Match Separation"), each IAC stock option outstanding (all of which were vested) at the time of the Match Separation was split into an IAC stock option and a Match Group stock option. These IAC, Vimeo and Match Group stock options otherwise have the same terms and conditions (including exercise periods) as the corresponding vested IAC stock options outstanding immediately prior to the Vimeo Spin-Off and Match Separation, as applicable.

For all IAC NEOs, any value realized upon the exercise of Vimeo and/or Match Group stock options is treated for tax purposes as compensation payable to them in their respective capacities as executive officers of IAC. Accordingly, information regarding Vimeo and Match Group stock options held by IAC NEOs as of December 31, 2023 appears below and information regarding exercises of Vimeo and Match Group stock options by any NEO in any fiscal year (as applicable) will be disclosed under the caption Option Exercises and Stock Vested for the relevant year.

- (2) In the case of Messrs. Diller and Stein, represents IAC RSUs that cliff vest on November 5, 2025 and February 15, 2025, respectively, subject to continued service through the vesting date, and with partial vesting upon certain terminations of employment.

In the case of Mr. Levin, represents an IAC restricted stock award that generally cliff vests on the tenth anniversary of the grant date (November 5, 2020), based on the satisfaction of the IAC stock price targets (as amended to reflect the Vimeo Spin-Off) set forth below and Mr. Levin's continued employment through the vesting date, and with partial vesting upon certain terminations of employment:

IAC Stock Price	Number of Shares Vesting
less than \$110.22	0
\$110.22	500,000
\$140.25	2,000,000
\$177.45	2,750,000
\$223.32 or greater	3,000,000

Mr. Levin may request an extension of the measurement period from ten to twelve years and IAC will consider any such request in light of the circumstances.

In addition, Mr. Levin may elect to accelerate the vesting of his IAC restricted stock award on any of the sixth, seventh, eighth or ninth anniversaries of the grant date, in which case, IAC stock price performance will be measured through the applicable anniversary date, and Mr. Levin will receive a pro rata portion of his IAC restricted stock award (based on the number of years that will have then elapsed from the grant date) and any remaining shares will be forfeited. The applicable IAC stock price goals are proportionately lower (which were initially calculated based on IAC stock price growth rates from the grant date and subsequently adjusted in connection with the Vimeo Spin-Off) on the earlier vesting dates. Mr. Levin is not permitted to transfer any shares of IAC common stock acquired pursuant to an early vesting election until the tenth anniversary of the grant date.

Mr. Levin has the right to vote all 3,000,000 shares of his IAC restricted stock prior to vesting, as well as receive ordinary course cash dividends (on a current, unrestricted basis) on the number of shares that would vest on the applicable dividend record date, based on IAC stock price performance through such record date.

Pursuant to the terms of Mr. Levin's IAC restricted stock award, Mr. Levin will share (by forfeiting shares otherwise earned) with IAC employees a portion of the value that he realizes, if and to the extent that the award vests, with Mr. Levin sharing a greater proportion of the value increase at higher levels of IAC stock price achievement.

Also pursuant to the terms of Mr. Levin's IAC restricted stock award, in connection with the Vimeo Spin-Off, Mr. Levin received 4,870,500 shares of Vimeo restricted common stock (equal to 3,000,000 shares of IAC restricted stock that he held at such time, *multiplied* by 1.6235 (the Vimeo Spin-Off exchange ratio)), in addition to retaining all 3,000,000 shares of his IAC restricted common stock. The vesting of this award is subject to Mr. Levin's continued service at Vimeo (as of the date of this proxy statement, he serves as a special advisor to Vimeo), among other conditions. In consideration of Mr. Levin's anticipated reduced services as special advisor (in comparison to his services previously provided as Chairman of the board of directors of Vimeo), in March 2023, the number of shares of Vimeo restricted common stock held by Mr. Levin was reduced to 3,247,000 shares.

In the case of Mr. Halpin, represents: (i) 174,906 IAC RSUs that vest in one lump sum installment on January 26, 2027 and (ii) 150,630 IAC RSUs that vest 37.5% on the first and second anniversaries of the grant date, respectively, and 12.5% on the third and fourth anniversaries of the grant date, respectively, in all cases, subject to continued service through the applicable vesting dates, and with partial vesting upon certain terminations of employment.

In the case of Ms. Handler, represents: (i) 27,752 IAC RSUs that cliff vest on February 15, 2025, (ii) 60,151 IAC RSUs that cliff vest on November 30, 2025 and (iii) 47,072 IAC RSUs that vest 25%, 50% and 25% on the first, third and fourth anniversaries of the grant date, in all cases, subject to continued service through the applicable vesting dates, and with partial vesting upon certain terminations of employment.

For a discussion of the treatment of the RSU and restricted stock awards described above in connection with certain terminations of employment, see Estimated Potential Payments Upon Termination of Change in Control.

- (3) Reflects the maximum number of shares of restricted IAC common stock held by Mr. Levin as of December 31, 2023; *provided, however*, that if shares vest, Mr. Levin would share a portion of such shares (by forfeiting shares otherwise earned) with IAC employees as described in footnote 2 above.

2023 Option Exercises and Stock Vested

Set forth in the table below is information regarding the number of shares acquired by IAC NEOs upon the exercise of IAC stock options and the vesting of IAC RSUs in 2023 and the related value realized (if any), excluding the effect of applicable taxes. None of our NEOs exercised any IAC or Vimeo stock options in 2023.

Name	Number of IAC Shares Acquired Upon Vesting (#)	Value Realized Upon Vesting (\$)
Barry Diller	—	—
Joseph Levin ⁽¹⁾	—	—
Christopher Halpin ⁽²⁾	19,434	\$1,055,266
Kendall Handler	—	—
Mark Stein	—	—

- (1) Mr. Levin exercised Match Group stock options in 2023. In connection with this exercise, he realized value in the amount of \$8,581,585, which is equal to the difference between the exercise price of such stock options and the fair market value per share of Match Group common stock at the time of exercise, multiplied by the number of stock options exercised.
- (2) Represents the dollar value realized by Mr. Halpin upon the vesting of IAC RSUs, which is equal to the closing price of IAC common stock on the vesting date, multiplied by the number of IAC RSUs that vested.

Estimated Potential Payments Upon Termination or Change in Control

Overview

Certain IAC employment agreements, equity award agreements and/or omnibus stock and annual incentive plans entitle IAC NEOs to continued base salary payments, the acceleration of the vesting of IAC equity awards and/or extended post-termination exercise periods for stock options upon certain terminations of employment (including certain terminations during specified periods following a change in control of IAC). In addition, pursuant to the terms of Mr. Levin's IAC restricted stock award, he is entitled to the acceleration of the vesting of 100% of such award upon a change in control of IAC.

Amounts and Benefits Payable Upon a Qualifying Termination

Certain amounts that would have become payable to IAC NEOs upon the events described above (as and if applicable), assuming that the relevant event occurred on December 31, 2023, are described and quantified in the table below. These amounts, which exclude the effect of any applicable taxes, are based on the applicable base salary, the number of unvested IAC RSUs and/or shares of IAC restricted stock outstanding on December 31, 2023 and the closing price of IAC common stock on December 29, 2023 (\$52.38).

- *Mr. Diller.* With the exception of the agreement related to Mr. Diller's RSU award granted in November 2020 (the "2020 Award Agreement"), no payments or other benefits would have been made or provided to Mr. Diller pursuant to any agreement between him and IAC upon a termination without cause or a resignation for good reason (a "Qualifying Termination") or due to death or disability on December 31, 2023. Upon a Qualifying Termination, pursuant to the terms of the 2020 Award Agreement, Mr. Diller would have been entitled to the vesting of sixty percent (60%) of such award as of December 31, 2023.
- *Mr. Levin.* Upon a Qualifying Termination on December 31, 2023, pursuant to the terms of his employment agreement, Mr. Levin would have been entitled to:
 - receive base salary through the date that is twelve months from the date of such Qualifying Termination (the "Severance Period"), subject to the execution and non-revocation of a release and compliance with customary post-termination covenants, and subject to offset for any amounts earned from other employment during the Severance Period; and
 - continue to have the ability to exercise his vested IAC, Vimeo and Match Group stock options through June 30, 2025.

In addition, pursuant to the terms of his IAC restricted stock award, upon a Qualifying Termination on December 31, 2023, Mr. Levin would have been entitled to the vesting of 50% (1,500,000 shares) of such award.

For Mr. Levin, "good reason" means: (i) a material reduction in his title, responsibilities, duties or authority from time to time; for the avoidance of doubt, it shall be a material adverse change in his title, responsibilities, duties or authority if: (A) a material acquisition or disposition of any assets or business, (B) the entry into a material new line of business or (C) the spin-off or split-off or similar separation of a material business of IAC is approved by IAC's Board over his written objection (which must be provided by him reasonably in advance of the approval of IAC's Board, so long as he has reasonable notice of its consideration), (ii) any material reduction in his base salary, (iii) the relocation of his principal place of employment outside of New York, New York, (iv) the failure of IAC to nominate him to stand for re-election to IAC's Board or his removal from IAC's Board (other than by reason of death, disability, cause or a voluntary resignation), (v) the requirement that he report to anyone other than IAC's Chairman and Senior Executive (or, if Mr. Diller ceases to serve as IAC's Chairman and Senior Executive, to IAC's Board), (vi) an individual other than Mr. Diller, Mr. Levin or another member of IAC's Board who has served for at least three years at the time of his or her appointment is elected to serve as Chairman of IAC's Board, (vii) any other action or inaction that constitutes a material breach by IAC of his employment agreement and (viii) a successor to all or substantially all of the business and/or assets of IAC does not assume expressly and agree to perform his employment agreement.

Upon a termination of Mr. Levin's employment due to his death on December 31, 2023, pursuant to the terms of his employment agreement: (i) his estate would have been entitled to continue to have the ability to exercise his vested IAC, Vimeo and Match Group stock options through June 30, 2025, and (ii) a portion of his IAC restricted stock award would have vested, based on IAC stock price performance through the date of his death (taking into account the shortened IAC stock price performance period), subject to pro-rata, based on the portion of the ten year term that would have elapsed through such date. Upon a termination of Mr. Levin's

employment due to disability on December 31, 2023, he would have been entitled to receive the benefits described in (ii) immediately above pursuant to the terms of his IAC restricted stock award.

- *Mr. Halpin.* Upon a Qualifying Termination on December 31, 2023, pursuant to the terms of his employment agreement, Mr. Halpin would have been entitled to:
 - receive base salary for the Severance Period, subject to the execution and non-revocation of a release and compliance with customary post-termination covenants, and subject to offset for any amounts earned from other employment during the Severance Period; and
 - the partial vesting of outstanding and unvested IAC equity awards (including any cliff vesting awards, which shall be subject to pro-rata as though such awards had an annual vesting schedule) in amounts equal to the number that would have otherwise vested during the Severance Period.

For Mr. Halpin, “good reason” means: (i) the material diminution in his base salary, (ii) a material adverse change in reporting structure, such that he is no longer reporting to IAC’s Chief Executive Officer (or if IAC does not have a Chief Executive Officer, to its Chairman and Senior Executive), (iii) a material adverse change in his title, duties or level of responsibilities (excluding for this purpose any such change that is an isolated and inadvertent action not taken in bad faith, but including any circumstance under which IAC is no longer publicly traded and is controlled by another company) and (iv) a material relocation of his principal place of employment outside of the New York City metropolitan area, in each case, without his written consent or that is not cured promptly after notice. No payments or other benefits would have been made or provided to Mr. Halpin pursuant to any agreement between him and IAC upon a termination of his employment due to death or disability.

- *Ms. Handler and Mr. Stein.* Upon a Qualifying Termination on December 31, 2023, pursuant to the terms of their respective employment agreements, each of Ms. Handler and Mr. Stein would have been entitled to:
 - receive base salary for the Severance Period, subject to the execution and non-revocation of a release and compliance with customary post-termination covenants, and subject to offset for any amounts earned from other employment during the Severance Period;
 - the partial vesting of outstanding and unvested IAC equity awards (including any cliff vesting awards, which shall be subject to pro-rata as though such awards had an annual vesting schedule) in amounts equal to the number that would have otherwise vested during the Severance Period; and
 - continue to have the ability to exercise her or his vested IAC (in the case of Ms. Handler only) and Vimeo stock options through June 30, 2025.

For each of Ms. Handler and Mr. Stein, “good reason” means: (i) a material adverse change in her or his title, duties or level of responsibilities (and, in the case of Ms. Handler only, excluding for this purpose any such change that is an isolated and inadvertent action not taken in bad faith, but including any circumstance under which IAC is no longer publicly traded and is controlled by another company), (ii) a material reduction in her or his base salary, (iii) a material relocation of her or his principal place of employment outside of the New York City metropolitan area and (iv) a material adverse change in reporting structure such that she or he is no longer reporting to IAC’s Chief Executive Officer (or if IAC does not have a Chief Executive Officer, to its Chairman and Senior Executive), in each case, without her or his written consent or that is not cured promptly after notice. No payments or other benefits would have been made or provided to Ms. Handler or Mr. Stein pursuant to any agreement between these NEOs and IAC upon a termination of their respective employment due to death or disability.

Amounts and Benefits Payable Upon a Change in Control

With the exception of Mr. Levin, no payments would have been made to any of our NEOs pursuant to any agreement between any of them and IAC upon a change in control of IAC on December 31, 2023.

In the case of Mr. Levin, pursuant to the terms of his IAC restricted stock award, 100% of his award would have vested upon a change in control of IAC as of December 31, 2023. The terms of Mr. Levin’s IAC restricted stock award provide that “change in control” shall have the meaning set forth in IAC’s 2018 Stock and Annual Incentive Plan; *provided, however*, that the occurrence of the following shall also constitute a “change in control” for purposes of the award: (i) the acquisition by any individual entity or group other than Barry Diller of any of his affiliates (the “Permitted Holders”) of beneficial ownership of equity securities of IAC representing both: (A) more than 35% of the voting power of the then outstanding equity securities of IAC entitled to vote generally in the election of directors (“Outstanding Company Voting Securities”) and (B) more than the aggregate voting power of the then Outstanding Company Voting Securities represented by the equity securities held by the Permitted Holders.

Upon a Qualifying Termination on December 31, 2023 that occurred during the two year period following a change in control of IAC (as defined in the applicable omnibus stock and annual incentive plan(s) and related award agreements), the vesting of all then outstanding and unvested IAC RSUs held by each NEO would have been accelerated.

In addition, under the Equity and Bonus Compensation Agreement, dated August 24, 1995, between IAC and Mr. Diller, IAC agreed that to the extent any payment or distribution by IAC to or for the benefit of Mr. Diller (whether under the terms of the related agreement or otherwise) would be subject to the excise tax imposed by §4999 of the Code, or any interest or penalties are incurred by Mr. Diller with respect to such excise tax, then Mr. Diller would be entitled to a gross-up payment covering the excise taxes and related interest and penalties. Given the payments Mr. Diller would have received upon an assumed change in control of IAC on December 31, 2023, IAC does not believe that any excise tax would be imposed or that any gross-up would be required.

Pay Versus Performance Disclosure

Overview

As required by Item 402(v) of Regulation S-K (“Item 402(v)”), we are providing certain disclosure regarding executive compensation for our Chief Executive Officer, Mr. Levin, and our other current and former NEOs as a group (collectively, the “non-CEO NEOs”) on an average basis, as well as certain performance measures, for the fiscal years ended December 31, 2023, 2022, 2021 and 2020.

Amounts for Compensation Actually Paid (“CAP”) in the tables below have been calculated in accordance with Item 402(v) and do not represent amounts actually earned by or paid to our current and former NEOs for the fiscal years ended December 31, 2023, 2022, 2021 and 2020.

A substantial portion of the amounts reported in the CAP columns in the tables below relates to changes in the fair value of unvested IAC equity awards over the course of the relevant fiscal year and fiscal year over fiscal year. The fair value of such awards changes as the market price of IAC common stock changes, and the vesting of such awards is subject to continued service through the applicable vesting dates (and in the case of Mr. Levin only, the satisfaction of certain IAC stock price targets). As a result, the value that may be realized by our current NEOs related to their unvested IAC equity awards cannot be determined as of the date of this proxy statement and can only be determined on the applicable vesting dates for such awards.

The valuation assumptions and/or methodologies used to calculate the fair value of IAC equity awards as of the end of each fiscal year did not materially differ from those used to calculate the value of such awards as of the applicable grant dates. The fair value of outstanding IAC equity awards at vesting is calculated by multiplying the closing price of IAC common stock on the vesting date by the number of awards so vesting.

The names of each non-CEO NEO included for purposes of calculating the average amounts of total compensation in each fiscal year are as follows: (i) for 2023, Messrs. - (5) Total shareholder return ("TSR") reflects the cumulative total return (assuming dividend reinvestment, as applicable) of IAC common stock and the Russell 1000 Technology Index (a peer issuer selected in accordance with applicable SEC rules), in each case, based on \$100.00 invested at the close of trading on December 31, 2019 through December 30, 2023. All historical prices for IAC common stock have been adjusted to reflect the Match Separation and the Vimeo Spin-Off. Historical stock performance is not necessarily indicative of future stock performance.

Financial Performance Measures

All IAC NEOs are generally eligible for annual cash bonuses and long-term incentives on a discretionary basis. For the fiscal years covered in the tables above, IAC's executive compensation program did not link compensation to be paid to our NEOs to the achievement of one or more specified financial performance measures, nor did it rely on other formulaic or other arithmetic approaches to determine such compensation. See Compensation Discussion and Analysis for more information on annual cash bonuses paid for 2023 performance and IAC equity awards granted to our NEOs in 2023.

Relationship Between CAP and Performance Measures

The charts below describe the relationship between CAP to our Chief Executive Officer and non-CEO NEOs (as calculated above) and Company TSR, Industry Index TSR and GAAP Net Earnings (Loss).

IAC v. Industry TSR

CAP vs. GAAP Net Earnings (Loss)

- (1) Since IAC's executive compensation program does not generally use GAAP Net Earnings (Loss) as a financial performance measure for purposes of determining compensation to be paid to our NEOs, we do not expect a meaningful relationship to exist between CAP and GAAP Net Earnings (Loss) and any correlation between CAP and GAAP Net Earnings (Loss) and the compensation that we pay our NEOs is a coincidence.

Pay Ratio Disclosure

In accordance with Item 402(u) of Regulation S-K of the Securities Act of 1933, as amended (“Item 402(u)”), IAC is required to disclose the ratio of its median employee’s annual total compensation to the annual total compensation of its Chief Executive Officer, Mr. Levin, for 2023 (the “2023 Pay Ratio”).

For the fiscal year ended December 31, 2023: (i) the estimated median of the annual total compensation of all IAC employees (other than Mr. Levin) was approximately \$73,558 (ii) Mr. Levin’s total annual compensation was \$5,040,756 and (iii) the ratio of annual total compensation of Mr. Levin to the median of the annual total compensation of IAC’s other employees is approximately 69 to one. IAC determined its median employee’s total annual compensation in the same manner as it determined the total annual compensation for its Chief Executive Officer (see the Summary Compensation Table).

In making the determinations above, IAC first identified its total number of employees as of October 1, 2023 (9,886 in total, 8,428 of which were located in the United States and 1,459 of which were collectively located in various jurisdictions outside of the United States). IAC then excluded employees located in the following jurisdictions outside of the United States, which together represented less than 5% of its total number of employees: Austria (14), India (457) and Lithuania (17). After excluding employees in these jurisdictions, IAC’s pay ratio calculation included 9,398 of its total 9,887 employees as of October 1, 2023.

To identify the median employee from this employee population, IAC then compared the amount of annual total compensation paid to these employees for the relevant period in 2023 in a consistent manner across the applicable employee population. For this purpose, annual total compensation is total income, excluding income related to stock-based compensation awards, paid to such employees and reported to the Internal Revenue Service in the United States (and equivalent amounts paid to such employees located outside of the United States and reported to the relevant tax authorities). IAC annualized the compensation of employees who were hired in 2023 but did not work for IAC for the entire period. After we identified the median employee, we determined such employee’s total annual compensation in the same manner as we determined the total annual compensation for our NEOs as disclosed in the Summary Compensation Table.

The 2023 Pay Ratio disclosure set forth above is a reasonable estimate calculated in a manner consistent with applicable SEC rules, based on the methodologies and assumptions described above. SEC rules for identifying the median employee and determining the related pay ratio permit companies to use a wide range of methodologies, estimates and assumptions. As a result, the pay ratios reported by other companies may be based on other permitted methodologies and/or assumptions, and as a result, are likely not comparable to IAC’s 2023 Pay Ratio.

Director Compensation

Non-Employee Director Compensation Arrangements

The Nominating Committee of IAC's Board has primary responsibility for establishing non-employee director compensation arrangements, which have been designed to provide competitive compensation necessary to attract and retain high quality non-employee directors and to encourage ownership of IAC common stock to further align the interests of IAC's non-employee directors with those of IAC's stockholders. Arrangements in effect during 2023 provided that: (i) each non-employee director receive an annual retainer in the amount of \$50,000, (ii) each member of the Audit and Compensation and Human Capital Committees (including their respective Chairpersons) receive an additional annual retainer in the amount of \$10,000 and \$5,000, respectively, and (iii) the Chairpersons of each of the Audit and Compensation and Human Capital Committees receive an additional annual retainer in the amount of \$20,000, with all amounts being paid quarterly, in arrears.

In addition, these arrangements also provided that each non-employee director receive a grant of IAC RSUs with a dollar value of \$250,000 upon his or her initial election to the Board and annually thereafter upon re-election on the date of IAC's annual meeting of stockholders, the terms of which provide for: (i) vesting in three equal installments commencing on the anniversary of the grant date, (ii) cancellation and forfeiture of unvested units in their entirety upon termination of service from IAC and its subsidiaries and (iii) full acceleration of the vesting of all units upon a change in control of IAC. IAC also reimburses non-employee directors for all reasonable expenses incurred in connection with attendance at meetings of IAC's Board and committees thereof.

Deferred Compensation Plan for Non-Employee Directors

Under IAC's Deferred Compensation Plan for Non-Employee Directors, non-employee directors may defer all or a portion of their fees for the Board and/or committee service. Eligible directors who defer all or any portion of these fees can elect to have such deferred fees applied to the purchase of share units, representing the number of shares of IAC common stock that could have been purchased on the relevant date, or credited to a cash fund. If any dividends are paid on IAC common stock, dividend equivalents will be credited on the share units. The cash fund will be credited with deemed interest at an annual rate equal to the weighted average prime lending rate of JPMorgan Chase & Co. After a director leaves the Board, he or she will receive: (i) with respect to share units, the number of shares of IAC common stock represented by such share units, and (ii) with respect to the cash fund, a cash payment in an amount equal to deferred amounts, plus accrued interest. These payments are generally made in one lump sum installment after the relevant director leaves the Board and otherwise in accordance with the plan.

Certain Relationships and Related Person Transactions

Review of Related Person Transactions

The Audit Committee has a formal, written policy that requires an appropriate review of all related person transactions by the Audit Committee, as required by the Marketplace Rules governing conflict of interest transactions. For purposes of this policy, as amended, consistent with the Marketplace Rules, the terms “related person” and “transaction” are determined by reference to Item 404(a) of Regulation S-K under the Securities Act of 1933, as amended (“Item 404”). During 2023, in accordance with this policy, IAC management was required to determine whether any proposed transaction, arrangement or relationship with a related person fell within the Item 404 definition of “transaction,” and if so, review such transaction with the Audit Committee. In connection with such determinations, IAC management and the Audit Committee consider: (i) the parties to the transaction and the nature of their affiliation with IAC and the related person, (ii) the dollar amount involved in the transaction, (iii) the material terms of the transaction, including whether the terms of the transaction are ordinary course and/or otherwise negotiated at arms’ length, (iv) whether the transaction is material, on a quantitative and/or qualitative basis, to IAC and/or the related person, and (v) any other facts and circumstances that IAC management or the Audit Committee deems appropriate.

Relationships Involving Significant Stockholders, Executive Officers and Directors

Relationships Involving Mr. Diller

Pursuant to an amended and restated governance agreement between IAC and Mr. Diller, for so long as Mr. Diller serves as IAC’s Chairman and Senior Executive, he currently generally has the right to consent to limited matters in the event that IAC’s ratio of total debt to EBITDA (as defined in the governance agreement) equals or exceeds four to one over a continuous twelve-month period.

Relationships Involving Expedia Group

Overview

In connection with and following the spin-off of Expedia, Inc. (now known as Expedia Group) in August 2005 (the “Expedia Spin-Off”), IAC and Expedia, Inc. (now known as Expedia Group, Inc. (“Expedia Group”)) entered into certain arrangements, including arrangements regarding the sharing of certain costs, the use and ownership of certain aircraft and various commercial agreements, certain of which are generally described below.

Cost Sharing Arrangements

Mr. Diller currently serves as Chairman and Senior Executive of both IAC and Expedia Group. In connection with the Expedia Spin-Off, IAC and Expedia Group had agreed, in light of Mr. Diller’s senior role at both companies and his anticipated use of certain resources to the benefit of both companies, to share certain expenses associated with such usage, as well as certain costs incurred by IAC in connection with the provision of certain benefits to Mr. Diller (the “Shared Costs”). Cost sharing arrangements in effect during 2023 provided that each of IAC and Expedia Group cover 50% of the Shared Costs, which both companies agreed best reflects the allocation of actual time spent (and time to be spent) by Mr. Diller between the two companies. Shared Costs include costs for equipment dedicated to Mr. Diller’s use and expenses relating to Mr. Diller’s support staff. Costs in 2023 for which IAC billed Expedia Group pursuant to these arrangements were approximately \$475,000.

Aircraft Arrangements

Each of IAC and Expedia Group currently has a 50% ownership interest in two aircraft that may be used by both companies (the “Aircraft”). Pursuant to an amended and restated operating agreement that allocates the costs of operating and maintaining the Aircraft between the parties, fixed costs are allocated 50% to each company and variable costs are

allocated based on usage. Fixed and variable costs are generally paid by each company to third parties in accordance with the terms of the amended and restated operating agreement.

In the event Mr. Diller ceases to serve as Chairman of either IAC or Expedia Group, each of IAC and Expedia Group will have a put right (to the other party) with respect to its 50% ownership interest in the aircraft that it does not primarily use (with such determination to be based on relative usage over the twelve month period preceding such event), in each case, at fair market value for the relevant Aircraft.

In addition, IAC and Expedia Group have entered into agreements pursuant to which Expedia Group may use additional aircraft owned by an IAC subsidiary (the "Subsidiary Aircraft") on a cost basis. During 2023, total amounts billed to Expedia Group pursuant to these agreements were approximately \$1.2 million.

Members of the flight crew for the Aircraft and Subsidiary Aircraft are employed by an entity in which each of IAC and Expedia Group has a 50% ownership interest. IAC and Expedia Group share costs relating to flight crew compensation and benefits pro-rata according to each company's respective usage of the Aircraft and Subsidiary Aircraft, for which they are separately billed by the entity described above. During 2023, total payments in the amount of approximately \$4.2 million were made to this entity by IAC.

Commercial Agreements

In connection with and following the Expedia Spin-Off, certain IAC businesses entered into commercial agreements with certain Expedia Group businesses. IAC believes that these arrangements are ordinary course and have been negotiated at arm's length. In addition, IAC believes that none of these arrangements, whether taken individually or in the aggregate, constitute a material contract to IAC. None of these arrangements, whether taken individually or together with other similar agreements, involved payments to or from IAC and its businesses in excess of \$120,000 in 2023.

Relationships Involving Vimeo

Certain agreements currently govern the post Vimeo Spin-Off relationship between IAC and Vimeo, including a separation agreement, tax matters agreement, employee matters agreement and certain commercial agreements.

Pursuant to the separation agreement, as of December 31, 2023, there were no outstanding payables to IAC following the October 2023 payment of approximately \$821,000 related to amounts for coverage under IAC's membership with a patent management service prior to the completion of the Vimeo Spin-Off. Pursuant to the tax matters agreement, there were no payments or refunds due to IAC from Vimeo for 2023 and no outstanding payables due to or receivables due from IAC at December 31, 2023. During 2023, amounts billed to and payments made or received by, IAC or Vimeo pursuant to the former transition services agreement and the employee matters agreement did not exceed \$120,000.

During 2023, Vimeo leased space in IAC's corporate headquarters and subleased office space from a subsidiary of IAC. IAC billed Vimeo approximately \$3.5 million pursuant to the related lease and sublease agreements and at December 31, 2023, there was an outstanding receivable of approximately \$290,000 due from Vimeo pursuant to such agreements.

Before and following the Vimeo Spin-Off, certain IAC businesses entered into commercial agreements with certain Vimeo businesses. IAC believes that these arrangements are ordinary course and have been negotiated at arm's length. In addition, IAC believes that none of these arrangements, whether taken individually or in the aggregate, constitute a material contract to IAC. With the exception of the payment described below, no agreements or arrangements, whether taken individually or together with other similar agreements and arrangements, involved payments to or from IAC and its businesses in excess of \$120,000 in 2023.

Vimeo maintains coverage under IAC's membership with a patent risk management service (and Vimeo shares related costs) pursuant to a related allocation agreement. During 2023, Vimeo paid IAC approximately \$821,000 pursuant to the allocation agreement.

Annual Reports

Upon written request to the Corporate Secretary, IAC Inc., 555 West 18th Street, New York, New York 10011, IAC will provide without charge to each person solicited a printed copy of IAC's 2023 Annual Report on Form 10-K, including the financial statements and financial statement schedule filed therewith. Copies are also available on our website, www.iac.com. IAC will furnish requesting stockholders with any exhibit to its 2023 Annual Report on Form 10-K upon payment of a reasonable fee.

Stockholder Proposals and Director Nominees for Presentation at the 2025 Annual Meeting

Eligible stockholders that intend to have a proposal considered for inclusion in IAC's proxy materials for presentation at the 2025 annual meeting of stockholders pursuant to Rule 14a-8 under the Exchange Act ("Rule 14a-8") must submit such proposal to IAC at its corporate headquarters no later than January 2, 2025. Stockholder proposals submitted for inclusion in IAC's proxy materials must be made in accordance with the provisions of Rule 14a-8.

In accordance with Article II, Section 4 of our amended and restated bylaws, notice of stockholder proposals to be brought before the 2025 annual meeting of stockholders, other than proposals pursuant to Rule 14a-8, must be provided to IAC at its corporate headquarters by no later than the close of business on March 13, 2025 and no earlier than the close of business on February 11, 2025. Stockholder proposals must comply with the requirements set forth in Article II, Section 4 of our amended and restated bylaws.

Eligible stockholders that intend to solicit proxies in support of director nominees other than those nominated by IAC for the 2025 annual meeting of stockholders must provide IAC with notice at its corporate headquarters by the same deadlines as disclosed above for the submission of stockholder proposals pursuant to Article II, Section 4 of our amended and restated bylaws. Notices related to director nominations must comply with the requirements set forth in Article II, Section 4 of our amended and restated bylaws and Rule 14a-19 of the Exchange Act.

Householding

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to send one Notice or one set of printed proxy materials, as applicable, to any household at which two or more stockholders reside if they appear to be members of the same family or have given their written consent (each stockholder continues to receive a separate proxy card). This process, which is commonly referred to as “householding,” reduces the number of duplicate copies of materials stockholders receive and reduces printing and mailing costs. Only one Notice or one set of printed proxy materials, as applicable, will be sent to stockholders eligible for householding unless contrary instructions have been provided. Once you have received notice that your broker or IAC will be householding your materials, householding will continue until you are notified otherwise or you revoke your consent. You may request a separate Notice or set of printed proxy materials by sending a written request to Investor Relations, IAC Inc., 555 West 18th Street, New York, New York 10011, by calling 1.212.314.7400 or by e-mailing ir@iac.com. Upon request, IAC undertakes to deliver such materials promptly.

If at any time: (i) you no longer wish to participate in householding and would prefer to receive a separate Notice or set of our printed proxy materials, as applicable, or (ii) you and another stockholder sharing the same address wish to participate in householding and prefer to receive one Notice or set of our printed proxy materials, as applicable, please notify your broker if you hold your shares in street name or IAC if you are a stockholder of record. You can notify us by sending a written request to Investor Relations, IAC Inc., 555 West 18th Street, New York, New York 10011, by calling 1.212.314.7400 or by e-mailing ir@iac.com.

ARTICLE IX

A director or officer of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director or officer, except for liability: (i) for any breach of the director or officer's duty of loyalty to the Corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) of a director under Section 174 of the General Corporation Law of the State of Delaware, (iv) of a director or officer for any transaction from which the director derived an improper personal benefit or (v) of an officer in any action by or in the right of the Corporation. Any amendment or repeal of this Article IX shall not adversely affect any right or protection of a director or officer of the Corporation existing immediately prior to such amendment or repeal.
