19,954,028 SHARES OF USA COMMON STOCK

This prospectus relates to the resale of up to 19,954,028 shares of common stock, par value \$0.01 per share ("USA common stock"), of USA Interactive (formerly USA Networks, Inc., "USA") that the selling stockholders named in this prospectus in the section "SELLING STOCKHOLDERS" including their respective affiliates, whom we refer to in this document as the "Selling Stockholders", may offer from time to time. Affiliates of a selling stockholder include any person directly controlling, controlled by, or under common control with the selling stockholder. With respect to a selling stockholder that is a fund or account, the term affiliate refers to any fund or account managed on a discretionary basis by the same manager that manages the selling stockholder. The USA common stock being offered by this prospectus was acquired by the Selling Stockholders from Paul G. Allen, a director of USA, on or about May 7, 2002 in private resale transactions.

USA will not receive any proceeds from the sale of USA common stock by the Selling Stockholders.

The Selling Stockholders (directly, or through agents or dealers designated from time to time) may sell the USA common stock being offered by this prospectus from time to time on terms to be determined at the time of sale. The prices at which these stockholders may sell the shares will be determined by the prevailing market price for the shares or in negotiated transactions. This offering will not be underwritten. To the extent required, the number of shares of USA common stock to be sold, purchase price, public offering price, the names of any such agent or dealer and any applicable commission or discount with respect to a particular offering will be set forth in an accompanying prospectus supplement. The aggregate proceeds to the Selling Stockholders from the sale of the USA common stock being offered by this prospectus will be the purchase price thereof less the aggregate agents' or dealers' commissions and discounts, if any, and other expenses of distribution not borne by USA. The Selling Stockholders will pay all applicable stock transfer taxes, brokerage commissions, discounts or commissions and fees of the Selling Stockholders' counsel. USA has agreed to pay certain expenses in connection with the filing of the registration statement, of which this prospectus is a part, with the Securities and Exchange Commission, and to indemnify the Selling Stockholders against certain liabilities, including certain liabilities under the Securities Act of 1933, as amended (the "Securities Act"), in connection with the registration and offering of the USA common stock being offered by this prospectus. See "PLAN OF DISTRIBUTION" on page 11.

The Selling Stockholders and any agents, dealers or broker-dealers that participate with the Selling Stockholders in the distribution of the USA common stock being offered by this prospectus may be deemed to be "underwriters" within the meaning of the Securities Act, and any commissions received by them and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

USA common stock is quoted on The Nasdaq National Market under the symbol "USAI." On May 24, 2002, the last reported sale price of USA common stock was \$29.05 per share.

SUMMARY

THIS SUMMARY HIGHLIGHTS SELECTED INFORMATION FROM THIS PROSPECTUS AND MAY NOT CONTAIN ALL THE INFORMATION THAT MAY BE IMPORTANT TO YOU. TO UNDERSTAND THE TERMS OF THE USA COMMON STOCK BEING OFFERED BY THIS PROSPECTUS, YOU SHOULD READ THIS ENTIRE PROSPECTUS AND THE DOCUMENTS IDENTIFIED UNDER THE CAPTION "WHERE YOU CAN FIND MORE INFORMATION." IN THIS PROSPECTUS, THE TERMS "USA", "WE" AND "OUR" REFER TO USA INTERACTIVE (FORMERLY USA NETWORKS, INC.) AND OUR SUBSIDIARIES, EXCEPT WHERE IT IS CLEAR THAT SUCH TERMS MEAN ONLY USA INTERACTIVE.

USA INTERACTIVE

USA (Nasdaq: USAI) is focused on integrating interactive assets across multiple lines of business. We believe USA is a leader in integrated interactivity, including ticketing, online travel, online dating, electronic retailing, teleservices and other interactive commerce services. USA consists of Home Shopping Network (including HSN International and HSN Interactive); Ticketmaster (Nasdaq: TMCS), which operates Ticketmaster, Ticketmaster.com, Citysearch and Match.com; Expedia, Inc. (Nasdaq: EXPE); Hotels.com (Nasdaq: ROOM); TV Travel Group Limited; Electronic Commerce Solutions; Precision Response Corporation; and Styleclick.

On May 7, 2002, USA contributed all of its entertainment businesses to Vivendi Universal Entertainment LLLP (the "VUE transaction"), a new joint venture controlled by Vivendi Universal, S.A. ("Vivendi"). Immediately following such transaction, USA was renamed USA Interactive.

USA's business is primarily focused on its electronic commerce and interactive/information service businesses, and USA expects that it will actively seek to grow those businesses, including through acquisitions. Any such acquisitions could involve the issuance of additional USA securities or cash or a combination of securities and cash. In addition, USA is no longer required to obtain the consent of Vivendi, Liberty Media Corporation ("Liberty") or Mr. Diller as USA stockholders for any such acquisitions regardless of the size of such acquisitions except in the event that USA is highly leveraged, in which case each of Mr. Diller and Liberty will have the right to consent to specified contingent matters involving USA. USA is continually reviewing, and often in discussions with third parties regarding, such possible growth opportunities, including transactions in the online and offline travel services and commerce-related areas.

USA is incorporated under the laws of the State of Delaware. USA's executive offices are located at 152 West 57th Street, New York, New York 10019 and our telephone number is (212) 314-7300.

RISK FACTORS

AN INVESTMENT IN OUR SECURITIES INVOLVES A HIGH DEGREE OF RISK. YOU SHOULD CONSIDER THE FOLLOWING FACTORS CAREFULLY BEFORE DECIDING TO PURCHASE OUR SECURITIES. ADDITIONAL RISKS NOT PRESENTLY KNOWN TO US OR THAT WE CURRENTLY DEEM IMMATERIAL MAY ALSO IMPAIR OUR BUSINESS OPERATIONS.

WE DEPEND ON OUR KEY PERSONNEL

We are dependent upon the continued contributions of our senior corporate management, particularly Mr. Diller, and certain key employees for our future success. Mr. Diller is our Chairman of the Board and Chief Executive Officer. Mr. Diller does not have an employment agreement with us, although he has been granted options to purchase a substantial number of shares of USA common stock.

If Mr. Diller no longer serves in his positions at USA, our business, as well as the market price of USA common stock, could be substantially adversely affected. We cannot assure you that we will be able to retain the services of Mr. Diller or any other of our members of senior management or key employees.

WE ARE CONTROLLED BY MR. DILLER AND IN HIS ABSENCE, WILL BE CONTROLLED BY LIBERTY

Mr. Diller, through entities he controls, currently beneficially owns or has the right to vote 100% of the shares of our Class B common stock, par value \$.01 per share, which is sufficient to control the outcome of any matter submitted to a vote or for the consent of our shareholders with respect to which holders of USA common stock, USA Class B common stock and USA preferred stock vote together as a single class. Mr. Diller, subject to the terms of an amended and restated stockholders agreement, dated as of December 16, 2001 (the "Stockholders Agreement"), among Universal Studios, Liberty, Mr. Diller, USA and Vivendi, effectively controls the outcome of all matters submitted to a vote or for the consent of our stockholders (other than with respect to the election by the holders of USA common stock of 25% of the members of our board of directors (rounded up to the nearest whole number) and certain matters as to which a separate class vote of the holders of USA common stock or USA preferred stock is required under Delaware law).

Under the Stockholders Agreement, each of Mr. Diller and Liberty have the right to consent to certain contingent matters in the event that USA is highly leveraged. We cannot assure you that Mr. Diller and Liberty will agree in the future on any transaction or action relating to a contingent matter at a time when USA is highly leveraged, in which case we would not be able to engage in such transaction or take such action.

Upon Mr. Diller's permanent departure from USA, generally, Liberty would be able to control USA through its ownership of its USA Class B common stock.

USE OF PROCEEDS

All of the USA common stock being offered under this prospectus is being sold by the Selling Stockholders. USA will not receive any proceeds from the sale of USA common stock by the Selling Stockholders.

#### DESCRIPTION OF USA COMMON STOCK

Set forth below is a description of the USA common stock being offered under this prospectus. The following statements are brief summaries of, and are subject to the provisions of, our restated certificate of incorporation, as amended, our amended and restated by-laws, and the relevant provisions of the General Corporation Law of the State of Delaware.

As of the date of this prospectus, our authorized capital stock consists of 1,600,000,000 shares of USA common stock, par value \$0.01 per share, 400,000,000 shares of USA Class B common stock, par value \$0.01 per share, and 100,000,000 shares of preferred stock, par value \$0.01 per share. As of May 10, 2002, there were 350,252,365 shares of USA common stock outstanding, 63,033,452 shares of USA Class B common stock outstanding and 13,120,533 shares of USA preferred stock outstanding.

With respect to matters that may be submitted to a vote or for the consent of our stockholders generally, including the election of directors, each holder of USA common stock, USA Class B common stock and USA preferred stock will vote together as a single class. In connection with any such vote, each holder of USA common stock is entitled to one vote for each share of USA common stock held, each holder of USA Class B common stock is entitled to ten votes for each share of USA Class B common stock held and each holder of USA preferred stock is entitled to two votes for each share of USA preferred stock held. Notwithstanding the foregoing, the holders of USA common stock, acting as a single class, are entitled to elect 25% of the total number of our directors, and, in the event that 25% of the total number of directors shall result in a fraction of a director, then the holders of USA common stock, acting as a single class, are entitled to elect the next higher whole number of directors. In addition, Delaware law requires that certain matters be approved by the holders of USA common stock voting as a separate class.

Shares of USA Class B common stock are convertible into shares of USA common stock at the option of the holder thereof, at any time, on a share-for-share basis. Such conversion ratio will in all events be equitably preserved in the event of any recapitalization of USA by means of a stock dividend

on, or a stock split or combination of, outstanding USA common stock or USA Class B common stock, or in the event of any merger, consolidation or other reorganization of USA with another corporation. Upon the conversion of USA Class B common stock into shares of USA common stock, those shares of USA Class B common stock will be retired and will not be subject to reissue. Shares of USA common stock are not convertible into shares of USA Class B common stock.

In all other respects, the USA common stock and the USA Class B common stock are identical. The holders of USA common stock and the holders of USA Class B common stock are entitled to receive, share for share, such dividends as may be declared by our board of directors out of funds legally available therefor. In the event of a liquidation, dissolution, distribution of assets or winding-up of

USA, the holders of USA common stock and the holders of USA Class B common stock are entitled to share ratably in all assets of USA available for distribution to our stockholders, after the rights of the holders of the USA preferred stock, have been satisfied.

In connection with our acquisition of USA Network and Studios USA in 1998, we granted to Liberty preemptive rights to acquire shares of USA stock. These preemptive rights, which were amended in connection with the VUE transaction, generally provide that Liberty may elect to purchase a number of shares of USA stock so that the percentage equity interest Liberty owned of us immediately after a transaction would be the same as immediately before such transaction, in each case, assuming the exchange of all shares of Home Shopping Network owned by a subsidiary of Liberty. The purchase price for shares of USA stock pursuant to a preemptive right election is the fair market value of the USA stock purchased.

Our certificate of incorporation provides that there can be no stock dividends or stock splits or combinations of stock declared or made on USA common stock or USA Class B common stock unless the shares of USA common stock and USA Class B common stock then outstanding are treated equally and identically.

In connection with the acquisition of a controlling interest in Expedia, Inc., USA issued an aggregate of approximately 13,125,000 shares of its preferred stock, par value \$0.01 per share, "Series A Cumulative Convertible Preferred Stock," each having a \$50.00 face value and a term of 20 years, which we refer to in this prospectus as USA preferred stock. Each share of USA preferred stock is convertible, at the option of the holder at any time, into that number of shares of USA common stock equal to the quotient obtained by dividing \$50 by the conversion price per share of USA common stock (as defined in the certificate of designation for the USA preferred stock). In the event of a voluntary or involuntary liquidation, dissolution or winding up of USA, holders of USA preferred stock shall be entitled to receive, in preference to any holder of USA common shares, an amount per share equal to all accrued and unpaid dividends plus the greater of (a) face value, or (b) the liquidating distribution that would be received had such holder converted the USA preferred stock into USA common stock immediately prior to the liquidation, dissolution or winding up of USA.

The arrangements described in this prospectus in the section "RISK FACTORS", and more fully described in the documents identified under the caption "WHERE YOU CAN FIND MORE INFORMATION", may have the effect of delaying, deferring or preventing a change in control of USA.

The transfer agent for the shares of USA common stock and USA preferred stock is The Bank of New York.

The shares of USA common stock being offered under this prospectus have been legally issued, are fully paid and are non-assessable.

#### CERTAIN MATERIAL UNITED STATES FEDERAL TAX CONSEQUENCES

##### GENERAL

The following is a general discussion of certain material United States federal income and estate tax consequences of the ownership and disposition of USA common stock.

As used herein, a "United States person" is

- a citizen or resident of the United States;
- a corporation created or organized in the United States or under the laws of the United States or of any state;
- an estate the income of which is includible in gross income for United States federal income taxation regardless of its source;
- a trust if a court in the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust; or
- any person otherwise subject to United States federal income tax on a net income basis in respect of its worldwide taxable income.

A "U.S. Holder" is a beneficial owner of USA common stock who is a United States person. A "Non-U.S. Holder" is a beneficial owner that is not a U.S. Holder.

This discussion is based on current law, which is subject to change, possibly with retroactive effect, or different interpretations. This discussion is limited to holders who hold USA common stock as capital assets. Moreover, this discussion is for general information only and does not address all the tax consequences that may be relevant in light of your particular circumstances, nor does it discuss special tax provisions which may apply if you have relinquished United States citizenship or residence.

EACH PROSPECTIVE PURCHASER IS ADVISED TO CONSULT A TAX ADVISOR WITH RESPECT TO CURRENT AND POSSIBLE FUTURE TAX CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF OUR COMMON STOCK, AS WELL AS ANY TAX CONSEQUENCES THAT MAY ARISE UNDER STATE, LOCAL, FOREIGN OR OTHER TAX LAWS.

#### TAXATION OF U.S. HOLDERS

This section describes the tax consequences to a U.S. Holder. If you are not a U.S. Holder, this section does not apply to you.

**DISTRIBUTIONS.** Distributions on USA common stock will constitute dividend income, taxable at ordinary income rates, to the extent of USA's current or accumulated earnings and profits. Any excess will be treated as non-taxable return of capital to the extent of the holder's basis in the common stock, and thereafter as capital gain.

**SALES OR EXCHANGES.** On the sale, exchange or other disposition of shares of USA common stock (other than a redemption of the common stock, discussed below), holders will generally recognize capital gain or loss equal to the difference between the sale proceeds and the adjusted tax basis in the stock sold, exchanged or disposed of. This gain or loss will be long-term capital gain or loss if at the time of the sale, exchange or disposition the holder has held the stock sold, exchanged or disposed of for more than one year. The deductibility of capital losses is subject to limitations.

**DIVIDENDS TO CORPORATE SHAREHOLDERS.** In general, a distribution on the USA common stock that is taxable as a dividend and that is made to a corporate shareholder will qualify for the 70% corporate

15

dividends-received deduction under the Internal Revenue Code. However, a dividend that arises upon a redemption of common stock will generally constitute an "extraordinary dividend" under Section 1059 of the Internal Revenue Code. In addition, constructive dividends received on common stock within two years of the holder's acquisition of the stock may also constitute "extraordinary dividends." If the extraordinary dividend rules apply, the corporate shareholder may lose some or all of the benefits of the dividends-received deduction. Furthermore, there are many exceptions and restrictions relating to the availability of the dividends-received deduction. Consequently, corporate shareholders should consult their own tax advisors regarding the extent, if any, that the dividends-received deduction is available to them and the extent to which the extraordinary dividend rules may apply.

**REDEMPTION OF USA COMMON STOCK.** A redemption of USA common stock generally would be a taxable event and would be treated as if the holder sold the common stock if the redemption:

- results in a "complete termination" of the holder's interest in USA stock;
- is "substantially disproportionate" (i.e., after the redemption, the percentage of all our outstanding voting stock that is owned by the holder is less than 80% of the percentage of all our outstanding voting stock (and the percentage of all our outstanding common stock that is owned by the holder is less than 80% of the percentage of all our outstanding common stock) that was owned by the holder immediately before the redemption); or
- is "not essentially equivalent to a dividend" (i.e., the redemption must meaningfully reduce the holder's proportionate interest in USA based on the holder's particular circumstance; the Internal Revenue Service (the "IRS") has indicated that this test is satisfied by even a small reduction in the percentage interest of a shareholder whose relative stock interest in a publicly held corporation is minimal and who exercises no control over corporate affairs).

In determining whether any of these tests has been met, holders must take into account the shares of stock actually owned and the shares of stock constructively owned by reason of certain constructive ownership rules set forth in Section 318 of the Internal Revenue Code.

If stock is redeemed in a redemption that meets one of the tests described above, the holder generally would recognize taxable gain or loss equal to the

difference between the amount of cash and the fair market value of property received and the holder's tax basis in the stock redeemed. This gain or loss would be long-term capital gain or capital loss if the stock were held for more than one year.

If a redemption does not meet any of the tests described above, the entire amount of the cash and the fair market value of property received generally would be taxed as a dividend as explained above under "Distributions." If a redemption is treated as a distribution that is taxable as a dividend, the holder's basis in the redeemed stock would generally be transferred to the holder's remaining shares of stock, if any.

**INFORMATION REPORTING AND BACKUP WITHHOLDING.** Information reporting will generally apply to dividends received on USA common stock and to the proceeds received on the sale or disposition of such stock by a U.S. Holder who is not an exempt recipient. Generally, individuals are not exempt recipients, whereas corporations are exempt recipients. Backup withholding will apply only if the U.S. Holder is not an exempt recipient and:

- fails to furnish its Taxpayer Identification Number ("TIN") which, in the case of an individual, is his or her Social Security Number;
- furnishes an incorrect TIN;
- in the case of dividends, is notified by the IRS that it has failed to properly report payments of interest or dividends; or

16

- fails to certify, under penalty of perjury, that it has furnished a correct TIN, has not been notified by the IRS that it is subject to backup withholding (or has since been notified by the IRS that it is no longer subject to backup withholding) and is a U.S. person (including a U.S. resident alien).

U.S. Holders should consult their tax advisors regarding their qualification for exemption from backup withholding and the procedure for demonstrating such an exemption if applicable.

The amount of any backup withholding from a payment to a U.S. Holder is not an additional tax and is allowable as a credit against the U.S. Holder's United States federal income tax liability, if any, or may be claimed as a refund, provided that the required information is furnished to the IRS.

#### TAXATION OF NON-U.S. HOLDERS

This section describes the tax consequences to a Non-U.S. Holder. If you are a U.S. Holder, see the above discussion under "Taxation of U.S. Holders."

**DIVIDENDS.** If dividends are paid, Non-U.S. Holders will be subject to withholding of United States federal income tax at a 30% rate or a lower rate as may be specified by an applicable income tax treaty. To claim the benefit of a lower rate under an income tax treaty, Non-U.S. Holders must properly file with the payor an IRS Form W-8BEN, or successor form, claiming an exemption from or reduction in withholding under the applicable tax treaty. In addition, where dividends are paid or deemed paid to a Non-U.S. Holder that is a partnership or other pass through entity, persons holding an interest in the entity may need to provide certification claiming an exemption or reduction in withholding under the applicable treaty.

If actual or deemed dividends are considered effectively connected with the conduct of a trade or business within the United States and, where a tax treaty applies, are attributable to a United States permanent establishment, those dividends will not be subject to withholding tax, but instead will be subject to United States federal income tax on a net basis at applicable graduated individual or corporate rates, provided an IRS Form W-8ECI, or successor form, is filed with the payor. In the case of a foreign corporation, any effectively connected dividends may, under certain circumstances, be subject to an additional "branch profits tax" at a rate of 30% or a lower rate as may be specified by an applicable income tax treaty.

Non-U.S. Holders must comply with the certification procedures described above, or, in the case of payments made outside the United States with respect to an offshore account, certain documentary evidence procedures, directly or under certain circumstances through an intermediary, to obtain the benefits of a reduced rate under an income tax treaty with respect to dividends paid or deemed paid with respect to USA common stock. In addition, if a Non-U.S. Holder is required to provide an IRS Form W-8ECI or successor form, as discussed above, the Non-U.S. Holder must also provide its tax identification number.

Non-U.S. Holders that are eligible for a reduced rate of United States

withholding tax pursuant to an income tax treaty may obtain a refund of any excess amounts withheld by filing an appropriate claim for refund with the IRS.

**GAIN ON DISPOSITION OF USA COMMON STOCK.** Non-U.S. Holders generally will not be subject to United States federal income tax on any gain realized on the sale or other disposition of USA common stock unless:

- the gain is considered effectively connected with the conduct of a trade or business within the United States and, where a tax treaty applies, is attributable to a United States permanent establishment (and, in which case, if the holder is a foreign corporation, may be subject to an

17

additional "branch profits tax" equal to 30% or a lower rate as may be specified by an applicable income tax treaty);

- the holder is an individual who holds the USA common stock as a capital asset and is present in the United States for 183 or more days in the taxable year of the sale or other disposition and other conditions are met; or
- we are or have been a "United States real property holding corporation," or a USRPHC, for United States federal income tax purposes. We believe that we are not currently, and are not likely to become, a USRPHC. If we were to become a USRPHC, then gain on the sale or other disposition of USA common stock generally would not be subject to United States federal income tax provided:
  - USA common stock were "regularly traded" on an established securities market; and
  - the holder did not actually or constructively own more than 5% of the USA common stock during the shorter of the five-year period preceding the disposition or the holder's holding period.

**FEDERAL ESTATE TAX.** In the case of an individual, USA common stock held at the time of death will be included in the individual's gross estate for United States federal estate tax purposes, and may be subject to United States federal estate tax, unless an applicable estate tax treaty provides otherwise.

**INFORMATION REPORTING AND BACKUP WITHHOLDING.** We must report annually to the IRS and to each holder the amount of dividends paid or deemed paid and the tax withheld with respect to those dividends, regardless of whether withholding was required. Copies of the information returns reporting those dividends and withholding may also be made available to the tax authorities in the country in which a Non-U.S. Holder resides under the provisions of an applicable income tax treaty or other applicable agreements.

Backup withholding is generally imposed on certain payments to persons that fail to furnish the necessary identifying information to the payor. Generally Non-U.S. Holders will be subject to back-up withholding tax with respect to dividends paid on USA common stock unless they certify their status as Non-U.S. Holders.

The payment of proceeds of a sale of USA common stock effected by or through a United States office of a broker will be subject to both backup withholding and information reporting unless the holder provides the payor with the holder's name and address and certifies its Non-U.S. Holder status or otherwise establishes an exemption. In general, backup withholding and information reporting will not apply to the payment of the proceeds of a sale of USA common stock by or through a foreign office of a broker. If, however, such broker is, for United States federal income tax purposes, a United States person, a controlled foreign corporation, a foreign person that derives 50% or more of its gross income for certain periods from the conduct of a trade or business in the United States, or, a foreign partnership that at any time during its tax year either is engaged in the conduct of a trade or business in the United States or has as partners one or more United States persons that, in the aggregate, hold more than 50% of the income or capital interest in the partnership, such payments will be subject to information reporting, but not backup withholding, unless such broker has documentary evidence in its records that the holder is a Non-U.S. Holder and certain other conditions are met or the holder otherwise establishes an exemption.

Any amounts withheld under the backup withholding rules generally will be allowed as a refund or a credit against the holder's United States federal income tax liability provided the required information is furnished in a timely manner to the IRS.
