Explanation of Responses:

1. Reflects the substitution of certain assets for shares of IAC common stock that the reporting person's spouse previously owned indirectly through a grantor retained annuity trust established for her benefit (the "GRAT") and of which she serves as trustee and is the sole annuitant. This substitution: (i) resulted in a reduction of shares of IAC common stock owned indirectly by the reporting person's spouse through the GRAT and a corresponding increase in shares of IAC common stock owned directly by the reporting person's spouse and (ii) may be deemed to be a purchase.

2. The reporting person disclaims beneficial ownership of such shares of IAC common stock except to the extent of any pecuniary interest therein.

3. Reflects shares of IAC common stock held directly by the reporting person's spouse as of the date of this report.
